

ESTABLISHED 1833.

FORT WAYNE, IND., FRIDAY, MAY 26, 1899.

PRICE TWO CENTS.

ARMY TOO SMALL

MORE TROOPS NEEDED IN THE
PHILIPPINES.

PRESENT FORCE INADEQUATE

TO HOLD THE TERRITORY
CAPTURED.

OLD GROUND IS FOUGHT OVER.

DEWEY TO COME HOME VERY
LEISURELY.

Manila, May 26.—7:40 p. m.—The events of the past week have emphasized the need of a much larger army here, without which, according to the best authorities in Manila, it would be attempting the impossible to expect to establish American supremacy in the Philippine Islands.

The inadequacy of forces is said to be responsible for the large toll loss in the number of small encounters, without material results as a compensation. Most of the fighting has been in territory which the Americans have swept but have been compelled to abandon because they could not spare troops to hold it.

The forces commanded by Generals MacArthur and Lawton hold two important lines of communication and commerce, the railroad to San Fernando and the Rio Grande river. But much of the country they have swept, including scores of the smaller towns and some of the larger ones, have been left uncovered, simply for want of men to hold them, and the insurgents have returned and are occupying the towns the Americans abandoned and are camping in the jungles and woods outside of others on the watch for chances to harass the garisons and attack scouting parties or detached companies with greater forces.

This is the kind of warfare they prefer to regular battles.

It appears that the Filipinos who attacked the Third regiment between San Miguel and Balinag were part of Pio del Pilar's army. They came from the south, across the mountains presumably, to meet a wagon train which General Lawton expected along the road. They also planned to capture several large detachments and were placed in ambush at different points.

They fired from the jungle at a distance of 200 yards and gave the Americans one of the hardest fights experienced in the campaign.

The Filipinos lost more heavily than the Americans in all the encounters. The insurgent generals take the loss of arms more to heart than they do the loss of men.

Foreigners who have arrived here from the insurgents' country, under the recent order of expulsion, say the cemeteries in all the towns are filled with fresh graves. A majority of the Filipinos wounded die because the insurgent hospitals are inadequate, medicines are scarce and they have few surgeons, except Spanish captives who have been impressed.

DEWEY COMING LEISURELY.

Washington, May 26.—Admiral Dewey telegraphs the navy department that he will stop at various places on his way to the United States and will reach New York about October 1.

ADMIRAL DEWEY BETTER.

New York, May 26.—A dispatch to the Journal and Advertiser from Hong Kong says:

Admiral Dewey shows great improvement already. Installed spacious at the Peak hotel, with lofty windows that catch every mouthful of wind from the sea, he is losing the air he wore when he landed from his blistered cruiser.

It was rest that he needed—rest and cooler air. He is getting both.

Society at the Peak is well bred. There are no distinguishing factors there. It is here that the English officers and their wives, the government officials, the rich merchants and distinguished travelers take refuge from the heat and noise of the town.

They all feel a deep interest in the hero of Manila bay, but they respect his desire for quiet.

He has become one of them already. With the ease of a polished man of the world, he has dropped into his place in the little community that really resembles a house party at an English country residence. Strangers to that community cannot intrude upon him, however. The government detectives see to that.

So do the detectives hired by Consul G. W. Williams. So do the servants.

If the Filipino junta ever meant more than bluster by its hints of assassination, it has been thoroughly cowed by the British police.

Howard Bray, the English confederate of the insurgents, has been suddenly struck dumb. So have his American fellow-schemers. These people received brusque warning from the authorities that if they did not behave themselves they would be treated to a dizzy surprise. The Filipinos themselves were similarly cautioned and are under a close surveillance.

CONDITION IS CRITICAL.

Friends in this city have been notified that Charles Muehlfeith is in a critical condition at the Eastern Hospital for the Insane at Richmond, where he was taken for treatment some time ago. Mr. Muehlfeith suffers from softening of the brain, and it is believed he can not long survive.

WILL WAGE WAR ON TRUSTS.

COLONEL BRYAN TALKS OF
NEXT PLATFORM.

Chicago Platform Will Be Reaffirmed
and Strong Anti-Trust
Plank Added.

St. Louis, Mo., May 26.—Col. William J. Bryan today expressed himself as much pleased with the result of last night's banquet.

In a signed statement furnished to the Post-Dispatch, Colonel Bryan said:

"To the Editor of the Post-Dispatch: The sentiment of the meeting was in line with the sentiment of the party generally. The Chicago platform will be reaffirmed and entire and new planks added to cover new questions. The trust issue will be one of the most important of the issues."

The banquet last night was a huge, unmistakable success. Nearly 2,000 men sat around the tables, which were palanquins in the arena of the Coliseum, where the horse shows and dog shows and athletic games are held. In the amphitheater some 7,500 women and men lingered to see 2,000 hungry democrats eat and to hear 2,000 democrats yell and shout when William J. Bryan came into the place. An overflow meeting was held in the auditorium of the Music Hall building. The seating capacity of the Music Hall is 6,000 and every seat was filled, the aisles were jammed and the walls were banked five deep with those who found standing room. It is estimated that 20,000 people heard Colonel Bryan and the other speakers, for the orators spoke in each place.

THE BAPTIST CONFERENCE.

San Francisco, May 26.—The national Baptist conference today listened to the report of the committee on the publishing department, which showed that a vast amount of work had been done during the year. Rev. L. T. Henry, of Indiana, chairman of the committee, followed with an interesting address on "The Dissemination of Baptist Literature." The noon hour was devoted to general business and discussion. The afternoon sessions were devoted chiefly to reports of various committees and reconsideration of Sunday school work.

VERDICT FOR \$500.

The Ellenwood wife desertion case was given to the jury at 8 o'clock last evening and at 9 o'clock a sealed verdict was returned. It was opened by Judge O'Rourke at 9 o'clock this morning. The verdict was in favor of the plaintiff and awarded her damages in the sum of \$500. J. B. Harper, for the defense, claims that the jury had no right to fix the damages and will move for a change in the verdict. If Judge O'Rourke reduces the amount it may be settled. If he doesn't Ellenwood threatens to serve a year in jail.

FAIL FOR MILLIONS.

Glasgow, Scotland, May 26.—A great sensation has been caused by the failure of Neilson Bros., an important firm engaged in the iron and steel trade. They had long been Glasgow pig iron and were heavily oversold when the corner in warrants was engineered. It is calculated that the concern lost \$1,250,000 during the last year. The total of the liabilities is unknown. Neilson Bros. were the largest dealers and exporters of ship plates in Scotland.

William Christian has purchased a handsome half lot opposite Reservoir park for \$800.

NEARING THE END.

PRESBYTERIAN ASSEMBLY IS
ABOUT TO CLOSE.

IT MAY ADJOURN TONIGHT.

WAGING A HARD FIGHT ON
POLYGAMY.

WANT ROBERTS THROWN OUT.

ASK FOR AMENDMENT TO THE
CONSTITUTION.

Minneapolis, Minn., May 26.—There were many vacant seats in the Presbyterian general assembly today in consequence of reaction from the excitement of yesterday's debate on the McGiffert case.

After an exchange of greetings with the general synod of the Reformed church at Tiffin, Ohio, a report from the committee on bills and overtures was read.

Indorsement and commendation of the Brotherhood of Andrew and Philip were recommended.

In the matter of numerous overtures in favor of changing the method of appointing committees, it was recommended that a committee of four ministers and three elders be appointed to consider the matter and report to the next assembly.

Resolutions against Congressman Brigham H. Roberts, of Utah, and in favor of an anti-polygamy amendment to the national constitution were introduced. The report of the committee was adopted.

The fifty-sixth congress is called upon to promptly expel Mr. Roberts in accordance with article 1, section 5, of the national constitution. The resolution was adopted.

The assembly called on the same body to amend the national constitution and submit the same to the legislatures of the states defining legal marriage to be monogamous and making polygamy, under whatever guise or pretense, a crime against the United States, punishable by severe penalty, including disfranchisement and qualification to vote or hold office of honor under the United States or in any state or territory thereof.

The committee on Sabbath observance offered and the assembly adopted an additional resolution calling upon "all office bearers and members who are employers of labor to exert themselves to reduce the amount of Sabbath labor and to condemn that policy of management which makes it obligatory upon the laborer to choose between dismissal and Sunday labor."

Douglas P. Putnam, chairman of the committee on church erection, reported on the work of the board of that name, and Corresponding Secretary Erskine N. White made an address in behalf of the board.

The committee on polity recommended that no action be taken this year in the matter of consolidating the freedmen's with the foreign missions.

It is thought the assembly will adjourn after an evening's session today.

LUTHERAN SYNOD.

York, Pa., May 26.—Committees were appointed at today's session of the general synod of the Lutheran church of the United States to consider memorials of the German Nebraska synod, the Northern Illinois synod, Carthage college, all pertaining to an official church paper.

The report of the committee on rules, appointed two years ago, was submitted to the synod and unanimously adopted.

Dr. W. E. Paxon, D. D., president of the board of managers of the home for the aged at Washington, D. C., presented his report, which was adopted unanimously. This institute was incorporated in 1890 and turned over to the church in 1895 and is now managed by the board of trustees.

The property, in a suburb of Washington, consists of twenty-seven acres of valuable land and a commodious home for the aged people of the church. The property is valued at \$50,000.

There are now ten inmates from five states in the institution. The apportionment for the past biennium realized \$10,000.

An abstract of the report on home missions follows:

The board reported that the total receipts, exclusive of the balance and loans, were \$84,849.03, being an increase of \$3,000 over the preceding biennium.

The indebtedness of the board in round numbers is \$105,000, and it is

suggested that all churches make an effort to assist in liquidating the debt during next November. Twenty-two missionary societies have decided to prosecute their work without further aid from the board.

Twenty-five new missions have been added to the roll.

The progress of the one at Stockton, Cal., and the one at Jerico, Mo., was reported slow, and aid was withdrawn at the end of the first year. Five of the new missions are in Greater New York and Jersey City, two in Philadelphia, one in Chicago, one in Troy, N. Y., and one in Trenton, N. J.

The board asks an appropriation of \$100,000 for the next biennium.

REFORMED GENERAL SYNOD.

Tiffin, Ohio, May 26.—The general synod of the Reformed church today urged, by resolution, Christian workers to assist the American Bible society in extending the Gospel in Cuba and foreign lands and authorized the printing of a thousand copies of the digest of the minutes of the synod since the organization in 1863 to the present time.

An amendment was approved creating a court of appeal, consisting of nine members, to whom will be referred all complaints and appeals for final adjudication, except those involving questions of doctrine.

INTERNATIONAL Y. M. C. A.

Grand Rapids, Mich., May 26.—Delegates and visitors to the International Y. M. C. A. conference were given a trolley ride about the city today visiting points of interest and furniture factories.

A meeting for men only was addressed by Anthony Comstock, in the interest of his work for the suppression of immoral literature.

J. M. Buckley, editor of the Christian Advocate, delivered an address on "Rationalism." It was a strong plea in behalf of inspiration of the Bible. He held that denial of inspiration of the Bible meant abandonment of all hope of a future life, for inspiration alone reveals or promises it.

THEY WORK FOR THE CHURCH.

MEETING OF THE BAPTIST
YOUNG PEOPLE'S UNION.

Delegates From Northeastern Indiana Will Begin Session
Tonight.

The B. Y. P. U. convention of the northeastern part of Indiana will convene this evening at the Baptist church. About one hundred delegates are expected to be present and they will represent the district north and east of Indianapolis in this state. The convention will hold meetings in the lecture room of the church until Sunday evening. Several interesting addresses will be made and the reports of the various delegates will be read. On Sunday a grand revival will be held in the church to which everyone is invited. Tomorrow the street railway will carry the delegates who wish to visit Robison park for half fare.

This afternoon from 4 to 5 o'clock there is a conference of corresponding secretaries and junior presidents at the Tabernacle. This evening the convention will organize and committees will be appointed. Stella Harvey, president of the Fort Wayne B. Y. P. U., will deliver an address of welcome to the delegates and Rev. W. D. Chipp, of Bluffton, will make the response. An address on the pointed topic, "More Force and Less Fuss," will be delivered by Rev. A. D. Berry, of Indianapolis. At the conclusion of this address there will be a reception to delegates.

NEWT. MURRAY'S TRIAL.

In the circuit court today before Judge O'Rourke and a jury Newt. Murray was tried for grand larceny. He is accused of stealing a hide from a dead cow and while within itself the crime could be only petit larceny, the charge was made grand larceny under the law which allows the greater charge for the smaller crime when committed by a man who has served a term in prison. Murray was defended by Judge Morris, R. B. Dreibebis, E. V. Emrick and Attorney Drake. Prosecutor Doughman closed the argument for the state at 3 o'clock this afternoon. The defense claimed that Murray was innocent for the reason that he had been hired by another man to skin the cow.

ROSA BONHEUR DEAD.

Fontainebleau, France, May 26.—Bonheur, the famous painter of horses, died at 11 o'clock last night.

LAW INTERPRETED

NEW TOWNSHIP MEASURE IS
EXPOUNDED.

ATTORNEY GENERAL'S VIEWS.

HOW THE NEW LAW BEARS ON
THE SCHOOLS.

INFORMATION FOR TRUSTEES.

STATE SUPERINTENDENT ASKS
FOR OPINION.

Indianapolis, May 26.—In reply to a request from the superintendent of public instruction for an interpretation of the township reform law the attorney general has rendered an opinion which the officials at the office of the superintendent of public instruction say will prevent the trustees of some townships from providing sufficient school privileges for the next school term. Under the interpretation children will have to be transferred in some cases to other schools and their tuition paid or new school houses erected in the township. And on top of this, under the new law, the officials say there will be no money to pay tuition of children transferred. The superintendent of public instruction is at a loss as to how to proceed under the circumstances. In his opinion the attorney general says:

"I advise that for the year 1899 township trustees, as trustees of the school township, make their annual reports in August for the year ending July 31. This is true, because three-fourths of the year had expired before the township reform law went into effect."

"I advise that all township trustees make a complete report to the advisory board of the township at their annual meeting on the 5th day of September, of all their acts, doings, receipts and expenditures since the 27th day of April, 1899, pursuant to said township reform law. This shall include all of their acts as township trustees and as trustees of the school township and overseers of the poor."

"Township trustees in Indiana this year, after rendering their reports to the board of county commissioners in August, should publish such report, as provided by section 1, of the act of March 7, 1895."

"I also advise that all township trustees in Indiana post up a statement of the indebtedness of their respective townships on the first Monday of August of each year, as provided for in said act of March 7, 1895. This, in no wise, will relieve them from the necessity of making the estimates and statements to the township advisory board, as provided for in the township reform law."

"Incidental repairs on school houses, roads and bridges should be made by the township trustees and reported to the advisory board in September. It is not necessary that they have an order from the advisory board to make these repairs needed between now and the meeting of such advisory board."

"The evident intention of the township reform law was to prohibit the creation of bonded indebtedness by the township."

"A township bond is a contract. It is, therefore, clear that there is no authority now vested in the board of county commissioners to authorize a township trustee to create any indebtedness. The advisory board meets on September 5th this year. These boards may authorize a township trustee to create any debt for the township that may be deemed necessary, and authorize a levy therefor, which levy shall be certified to the county auditor, all as provided for in said law."

"I do not think there is authority for the advisory board to organize prior to September 5, 1899, and, therefore, I know of no provision that would warrant of their taking any action that would bind the township prior to that time."

"It would be entirely proper for the members of the board already appointed to consult with the trustee and be advised of the needs of the township prior to the meeting of that board, and to advise with the trustee fully concerning all such matters."

"The township reform law has no application whatever to school trustees of towns and cities."

The advisory boards would undoubtedly be authorized to approve purchases made by township trustees between the taking effect of the reform law, to wit: April 7, 1899, and the 5th day of September, 1899, where such supplies are indispensable necessary to meet the needs of the township. This, of course, would not

include new buildings or extensive purchases.

"In all cases where contracts are to be let, notices are required to be posted for three weeks in five public places in the township, and also at the door of each postoffice in such township. If the expenditures in any one class are to exceed \$500, then, in addition to such posting, he shall give notice once in two leading newspapers in the county. It is the duty of the advisory board to attend all lettings of contracts."

CASES APPEALED.

Justice Huser has certified the following cases to the superior court: William H. Niblick vs. May E. Rollins, Peter Anderson vs. William A. Bohn and the Horton Manufacturing company. Both of these cases were taken up on appeals from the justice court's decisions.

ATTEMPTS TO END HIS LIFE.

TIERED OF THE STRUGGLE WITH
POVERTY.

David Noonan Slashes His Throat
in a Frightful Manner—Will
Probably Recover.

David Noonan attempted to end his existence last evening at his home, 77 Superior street, slashing his throat in a frightful manner with a knife.

Noonan is a laborer, and has been out of work a large part of the time. He grew despondent, and this is believed to have been the cause of his attempt at suicide. In a conversation with his wife last evening he expressed himself as being tired of living in Fort Wayne because he was out of work so much of the time, and seemed very despondent. They retired about 8:30 o'clock, and shortly after Noonan arose to get a drink of water. He did not return and his wife became alarmed. She arose and went to the kitchen, and there in the darkness stumbled against the prostrate form of her husband lying upon the floor. He was nearly unconscious and bleeding profusely from a frightful gash in his throat.

The awful discovery drove the wife nearly frantic, and her cries soon brought neighbors to the scene. The police were notified and physicians summoned. Sergeant Harkenrider was soon on the scene, and in a short time Dr. C. E. Stults arrived, followed a few minutes later by Dr. E. J. McOscar and Dr. W. W. Barnett. The physicians gave the injured man all possible attention, and closed an ugly gash three inches in length across the front of the throat. The ambulance was called and Noonan was conveyed to St. Joseph's hospital, where the physicians were enabled to handle the case to better advantage. No large veins or arteries had been cut, though the trachea had been penetrated by the keen blade. While the wounds are serious, it is believed Noonan will recover.

Noonan is nearly fifty-five years of age, and with his wife came to this city from Plymouth about fifteen years ago. They have always lived happily together, and it is believed that only the prolonged struggle with poverty induced the husband to adopt violent means to end his existence. The man is a brother of Joseph Noonan, who was crushed to death in a stone yard about two years ago, and the wife of this brother, together with her daughter, lost their lives by a fall down an elevator shaft.

A RUNAWAY.

There was an exciting runaway on West Berry street and one lady had a narrow escape from serious injury. Dittoe & Co. have purchased a new delivery horse and while standing in front of the grocery this morning the animal frightened and started to run, notwithstanding it was tied to a heavy weight. The horse dashed into Rev. Cissel's yard and out again onto the street. Misses Campbell and McLaughlin were walking on the sidewalk in front of the parsonage and they started to get away, Miss Campbell rushing into the street, and the horse after her. The lady fell and the weight to which the horse was tied struck her limb and slightly injured her. She was taken home in a cab. The horse ran onto the sidewalk in front of Armstrong's and then dashed around the corner onto Harrison street, where the delivery wagon was demolished. A bicyclist missed being run over by a foot.

FORD BILL SIGNED.

Albany, N. Y., May 26.—Governor Roosevelt signed the amended franchise tax bill today.

TO GREET BRYAN.

IMMENSE CROWD EXPECTED
TOMORROW.

LEADER WILL ARRIVE AT NOON

RECEPTION IN AFTERNOON AT
RANDALL.

A SHORT INFORMAL ADDRESS.

PRINCIPAL SPEECH AT RINK IN
EVENING.

At 10 o'clock this morning a committee consisting of Hon. B. C. Bell, Hon. S. M. Hench, Hon. Henry P. Scherer, Sheriff A. E. Melching and Democratic Chairman William Knough left over the Wabash for Danville, Ill., to escort William Jennings Bryan from that city to Fort Wayne tomorrow.

The party will reach Fort Wayne a few minutes before noon and Colonel Bryan will be driven to the home of Mr. Bell for luncheon. At 2 o'clock there will be an informal and brief address by Mr. Bryan, to be followed by a public reception at the Randall hotel.

The place where Colonel Bryan will speak in the afternoon has not been selected and will be determined only after word has been received from the committee now in Danville. The place of meeting will be duly and widely announced tomorrow morning.

The formal meeting will be at the Princess rink tomorrow evening. Admission will be free and no tickets will be required except for admission to seats on the stage. The distribution of tickets for stage seats is in the hands of a special committee.

On the beneficence of Jupiter Pluvius depends in large measure the size of the crowd tomorrow. If the day breaks fine and clear there will be an immense crowd of visitors. From all sections come the reports that the people are enthusiastic to see and hear the great orator and leader of the democratic hosts. Thousands will have the opportunity and the population within accessible distance of Fort Wayne will not be backward to improve it.

Everything points to one of the greatest inter-campaign meetings ever held in the state.

COMMITTEE HEADQUARTERS.

Messrs. George W. Felts, Frank Purcell and Dr. W. W. Barnett, who compose the committee of arrangements for Bryan day, will establish headquarters tomorrow morning in Room 67, at the Randall hotel, and this will be used as a general information bureau.

ALL SALOONS CLOSED.

Wardner, Idaho, May 26.—All the saloons in Mullen, Gem and Burkt have been closed, the publication of the Mullen Mirror stopped and its editor, W. H. Stewart, arrested on a charge of publishing seditious matter. Four hundred and seventy-seven permits for employment have been issued in Wardner. The Last Chance mine has started up with a small force. None of the mines above Wallace have started, but many are coming in and they will soon start. General Merriam has left for Denver, leaving Major Smith in command of the United States forces in the Coeur d'Alenes. There are now 235 men accused of rioting confined in the new prison just completed here. The coroner's investigation into the cause of the death of two men during the riot on May 9th is still in session and will probably last a week longer. Three hundred witnesses have been examined on some very damaging evidence is said to have been secured against the alleged rioters. Examination of the records of the miners' union, which were seized by the military authorities, show lists of men who were to be run out of the country.

TWO KILLED IN AN EXPLOSION.

Philadelphia, May 26.—One man was instantly killed and another badly injured that he died soon by the explosion of a steam drying cylinder in the dyeing and finishing room of James Martin today. Three others were injured, one probably fatally. The dead are Daniel Harte, aged twenty-five years; Wm. Lee, thirty-nine years old. The injured are Michael McDough, aged thirty-four, may die; Michael Carlin, aged forty-five; Robert Underwood, aged sixteen. The side wall and some of the partitions were blown out by the force of the explosion. The dyeing and finishing machinery of the

ON THE DIAMOND.

GREAT INTEREST TAKEN IN

NATIONAL GAME.

FORT WAYNE TEAM IS STRONG.

BATTING WILL WIN MANY A

CLOSE GAME.

TOLEDO DID NOT GET A RUN.

YOUNGSTOWN AND WHEELING

WON ABROAD.

Never in the history of the national

game has there been as much

interest displayed as in Fort Wayne

this season, and as the same enthu-

siasm is reported from all the other

cities there is every reason to be-

lieve that the base ball season will

be a successful one, at least finan-

cially. The Fort Wayne team as

constituted today should be able to

slay among the leaders during the

entire season. The team as a whole

understands all the points of the

game and in batting it ranks higher

than any that ever represented the

city. In minor leagues, and the big

ones, too, for that matter, the best

hitting teams generally win. Glass-

cock has the team well in hand and

knows how to win games. But if the

team is expected to win he must have

complete authority over the players

and his judgment alone should de-

termine who should and who should

not play. Because a pitcher happens

to have one bad inning that is no

reason that the team won't win the

game and nobody knows this better

than Glasscock, who has probably

seen hundreds of games won when

they were apparently lost. And

often, too, when there was only one

more man to retire in the game. For

instance, in Wednesday's game Rei-

man allowed two hits and made an

error in the second inning. Belden

made a wild throw and three runs

were scored. An inexperienced man-

ager would have sent him to the

bench and called in a new twirler,

but Glasscock undoubtedly knew

that it took heady twirling to win

the game and he allowed Reiman to

stay in the game. The result was

that only two runs were scored there-

after and one of these was a home

run. It is the policy of every man-

agement to allow one man to handle

the players, and as long as the Fort

Wayne management follows this

course that long will it get the best

playing out of its players.

INDIANA-ILLINOIS LEAGUE.

Muncie, Ind., May 26.—The ex-

pected disruption in the Indiana-Ill-

inois league seems to be here, the re-

sult of troubles that have existed be-

tween Managers Lawson, of the

Muncie and Anderson teams, who are

brothers. The Anderson man has

been trying to squeeze his brother

in Muncie out of the league, and in

turn the Muncie man has already

taken steps for the formation of an

Indiana state league with Elwood,

Richmond and Alexandria in the

places of Anderson, Terre Haute and

Danville, Ill.

This will be a fine circuit, geo-

graphically, and in cities that are

good ball towns where only indepen-

dent teams have played. With this

circuit the expense of traveling will

be cut in two and the players in each

team can nearly always sleep at

home. Anderson should be a mem-

ber, but this cannot be so with the

present managers in charge of the

two teams.

INTERSTATE STANDING.

Dayton 7 15 .318

YOUNGSTOWN, 3; G. RAPIDS, 2.

Grand Rapids, Mich., May 26.—

The game was evenly contested with

absence of errors on both sides and

few heavy hits. Youngstown in the

eighth inning got three hits in suc-

cession and the two runs netted pro-

ved decisive. The score:

Y'gstown . 0 0 0 0 1 0 2 — 3

G. Rapids. 0 0 0 1 0 0 1 — 2

Base hits—Youngstown, 7. Errors

—Youngstown, 1; Grand Rapids, 0.

Batteries—Roach and Trost; Altrock

and Cote.

NEW CASTLE, 2; TOLEDO, 0.

New Castle, Pa., May 26.—The

game was a pitchers' battle, in

which Streit had the best of it. Not

until the seventh inning did a Toledo

man reach third, and that was when

Smith made a double and stole third.

Wright had three of the five hits,

two of them doubles. The score:

N. Castle. . 0 0 1 0 0 1 0 — 2

Toledo . . . 0 0 0 0 0 0 0 — 0

Base hits—New Castle, 5; Toledo,

1. Errors—New Castle, 1; Toledo, 3

Batteries—New Castle, Streit and

Gaffus; Toledo, Cates and Arthur.

Umpire—Ebright.

WHEELING, 8; DAYTON, 5.

Dayton, O., May 26.—Dayton re-

turned from New Castle today after

three defeats there and lost to

Wheeling. The hoodoo hangs to the

team. The game here was played

under protest, as Dayton claimed

that Babb and Fleming have been

fined to Wheeling by Indianapolis.

The score:

Wheeling . 1 0 2 0 0 2 1 — 8

Dayton . . . 3 0 0 0 0 1 0 — 5

Base hits—Wheeling, 12; Dayton,

8. Errors—Wheeling, 0; Dayton, 1.

Batteries—Wheeling, Carter and

Donahue; Dayton, Dolan and Twine-

ham. Umpire—O'Brien.

Cleveland, 8; Baltimore, 6.

NOTES OF THE GAME.

Phillipi, of Louisville, let the New

York team down without a hit or a

run yesterday. And only one error

was made behind him.

The Fort Wayne Journal has just

issued a neat pocket schedule of

games to be played in the Interstate

league and there promises to be a

demand for thousands of them.

George Kell did not accompany

the other members of the Fort

Wayne team to Mansfield, but it is

hoped that he will be in condition

to pitch at Grand Rapids on Decora-

tion day.

The eastern teams of the National

league are not having much trouble

winning the bigger portion of the

games they play with the western

clubs. St. Louis and Chicago have

been especially easy victims of the

eastern teams.

"Chick" Stahl was strictly in it

with his bat at Cincinnati yesterday.

He made three hits, one of them a

two bagger. Stahl also scored one

run and accepted three chances. "Cy"

Swann tells The Sentinel that he be-

lieves that everything taken into

consideration Stahl is the most val-

uable outfielder in the National

league.

Hilliary Swann will pitch the

game against Mansfield today and

will probably return home Saturday

and rest up for the games on Sun-

day, one of which he has promised to

DEATHS AND FUNERALS.

STOUDER.

The funeral of Anna M. Stouder

will be held Sunday at 1:30 o'clock at

the residence of her sister, Mrs. Atch-

ison, six miles west of the city, con-

ducted by Rev. Bodell. Interment at

Lindenwood.

KIRCHNER.

The funeral of Ernest Kirchner

will occur Sunday at 1:30 o'clock

from the residence, 161 Eliza street,

and at 2 from St. Paul's Lutheran

church, Rev. Lange officiating. No

flowers.

MILLER.

The remains of Miss Mary Miller

arrived last evening from Denver,

Col., and were taken to the home of

her father, 8 Summit street. The

funeral services will be held Sunday

at 2:45 from the residence and at

3:15 from St. Paul's Lutheran

church. Rev. Miller will officiate

and the interment will be at Concor-

dia.

MARIOTTE.

The funeral of Delbert J. Mariotte

will be held Sunday afternoon at 2

o'clock from the residence, Brooklyn

avenue. Rev. Cissel will officiate.

MUHLER.

Funeral services of the late Hon.

Charles F. Muhler will occur Monday

morning at 9 o'clock from the resi-

dence, corner of Wayne and Fulton

streets, and at 9:30 from the Cath-

edral.

THE MAUMEE BRIDGE

TWO KINDS OF DENTISTS.

Tooth (tooth) and filling is known as

operative dentistry. The construction

of Artificial Plates, Crown and Bridge

Work is mechanical dentistry. Few

dentists are equally clever in both classes

of work. A taste for mechanical

work and a great deal of special ex-

perience make a good mechanical den-

tist. For a little more for operative

branches causes a slighting of the

work shop in the necessary study and

effort. We give our patients the best

work of expert hands, and brains by

putting each branch in charge of skill-

ful operators fitted for it by experience

and taste.

LOCAL NEWS.

Joe Bursley is at home from Ann

Arbor.

T. L. Gillis, of Angola, is a Fort

Wayne visitor.

Miss Emma Jaals is visiting her

friends at Roanoke.

Mrs. W. J. Vesey is the guest of her

friends at Richmond.

C. J. Hodge, the insurance man,

went to Auburn today.

Miss Rosa Rodabaugh, who has

been quite ill, is improving.

Mrs. William Benedict has as her

guest Mr. Fessenden, of California.

Mrs. G. A. Rabus goes to Spring-

field, Ill., tomorrow for a visit with

friends.

H. C. Paul was at Anderson yester-

day attending the funeral of Mrs. C.

T. Doney.

Mrs. Savin, of New York city, is

the guest of her daughter, Mrs. S.

R. Alden.

Mr. and Mrs. Fred Zollars leave to-

orrow for a visit at Indianapolis

for a few days.

S. K. Rulch, a prominent LaGrange

capitalist, was in the city on a busi-

ness trip today.

C. D. Knisely, of Waterloo, and L.

W. Knisely, of Butler, were in the

city last evening.

Henry Niemann and Rube Brow-

and left this morning on a fishing

excursion to Rome City.

Miss Rose Rheinhardt, of Chicago, is

in the city to spend a few days with

her sister, Mrs. Sam Fischer.

Miss Flora Miller has returned to

her home at Ashland, Ky., after a

visit with Fort Wayne friends.

A. C. Wilkerson, of Huntington,

and Walter Douglass, of North Man-

chester, are in the city on business.

C. J. Eyenson and Ben Raupfer, of

Columbia City, were in the city yester-

day in conference with Architect

Riedel.

Mrs. J. J. Pausch returns to her

home at Kalamazoo, Mich., to-mor-

row, after a visit with Mrs. Eugene

B. Smith.

Mrs. Nelson Richey and Miss Effie

Richey will visit Indianapolis friends

next week. They leave on Sunday

for that city.

While operating a saw yesterday,

George Behler, of Columbia avenue,

severely injured his left thumb, cut-

ting a deep gash in that member.

Miss Hanna Schilling entertained

a large party of friends in Miss Han-

ker's dancing academy last evening

in honor of her birthday anniversary.

Mr. and Mrs. Will Morris have ar-

rived from Richmond, Va. Mr. Mor-

ris will leave for home after a few

days, while Mrs. Morris will remain

for some time.

Henry Timey, a prominent farmer

residing two miles south of New Ha-

ven, has been dangerously ill from

obstruction of the bowels, but is now

slightly improved.

The senior class of the high school

will give its annual excursion to

Rome City tomorrow. The event is

not limited to the schools but all who

care to go will be welcome.

William Geiler has purchased the

residence property of Miss Nancy

O'Brien, of West Washington street,

for \$3,000. The deal was made

through the Curdes agency.

C. H. Albersmeyer has purchased

the drug store at 93 Wells street of

Arvid Polster. Mr. Albersmeyer has

been a prescription clerk in the Mil-

ler drug store, of the south side.

Miss Downey will lecture at the

Wayne street M. E. church this even-

ing, and especially desires the attend-

ance of young men. No admission

will be charged and the Linden quar-

ter will sing.

Mrs. A. C. Hoke and daughter and

Mrs. Clara Hollingsworth, of Re-

novato, Pa., will arrive in Fort Wayne

in a few days to spend the summer

months with Mr. and Mrs. G. A.

Szink, of 471 South Harrison street.

In June a party of Fort Wayne

tourists will visit Banff Springs, a

famous summer resort in British Co-

lumbia. J. Francis Lee, general rep-

resentative of the Canadian Pacific,

is in the city arranging for the trip.

Rev. Herr, of Denver, Col., was in

charge of the remains of Miss Mary

Miller, which reached the city last

evening. Rev. Herr is a brother-in-

law of Rev. C. Gross, of this city, and

leaves this evening on his return to

Denver.

Mrs. Sally Jones, state organizer of

the C. W. B. M. of the Churches of

Christ of Indiana, will hold a mis-

sionary service this evening at the

West Jefferson Street Church of

Christ. Mrs. Jones is the guest of

Rev. and Mrs. P. J. Rice.

A lawn and porch social will be

given this evening by the ladies of

the Third Presbyterian church. C. E.

society at the home of Henry Miller,

160 St. Joe boulevard. Refreshments

will be served and an admission fee

of 10 cents will be charged.

A coaching party, made up of a

happy company of young people, vis-

ited Dolan's farm, on the Bluffton

road, last evening. The young ladies

provided an elaborate supper, and

the party enjoyed a program of dancing

on the floor of the spacious barn.

Otto Luse, aged 9 years, residing

at 179 Oakland avenue, had the little

finger of his left hand caught in a

bicycle wheel yesterday morning.

C. J. WELKER,
Schmitts Block, 118 Calhoun St.

Fort Wayne will give a rousing welcome to William Jennings Bryan tomorrow, and the country round will join in to make it something to be remembered.

General Otis has mapped out a wet-weather campaign in the neighborhood of Manila. The rebels have relied on the rainy season as one of their most terrible allies, and the American commander has concluded to spike that gun if the Washington war officials do not interfere.

The birth of a girl child in Havana to Mrs. Carbondell, nee Cossio y Cisneros, which has been announced in a letter to Mrs. John A. Logan, of Washington, will pleasantly recall to the people of the United States the beautiful Cuban girl's reception in this country after her thrilling and romantic rescue from one of Weyler's filthy jails in Havana. She afterwards married one of her rescuers, a wealthy Cuban gentleman, and is

now a happy wife and mother. Few romances as sad as hers have ended so well and prosperously. She is to be congratulated on her good fortune in having escaped so quickly from the notoriety which was hers a year ago, no less than being happily married.

That the desire of a considerable number of Cuban soldiers to keep their guns is largely a matter of principle or sentiment or both seems evident by the fact that by surrendering their piece each Cuban will receive enough money to buy several guns and keep himself in idleness for a year or two. However, there ought to be disarmament of the Cubans. It will be safer.

In the death of Senor Emilio Castelar Spain loses her most brilliant man and the republican element its ablest and most distinguished advocate. Castelar was magnificent as an orator, profound as a scholar and brave and incorruptible as a patriot. He was more a brilliant theorist than a constructive statesman and lacked the practical qualities essential to really great and successful leadership. It was Castelar's writings which fomented the revolution of 1868, and to escape a sentence of death he fled from Spain. When Isabella was dethroned in 1868 he returned to his country and at once took a forward place in public affairs. In 1873, when King Amadeo abdicated the throne and the Spanish republic was elected, Castelar became first minister of foreign affairs and then president with extraordinary powers. In less than a year he resigned in disgust, asserting that while he himself was a republican he recognized the Spanish people were unfit for that form of government. His influence waned as it became clear to his party that he was a supporter of the throne and a republican in little more than theory.

MAGNETIC ATTRACTION.

The theory of a scientist who has studied the geological formation of the coast of Cornwall for many years is that the steamer Paris was deflected from her course and drawn upon the fatal rocks off Truro by the attraction of the magnetic rocks that mark that dangerous shore. If this be demonstrable, then a new terror is added to the risks of navigation in these days of iron and steel ships. Thomas Clark, the authority referred to, says:

"I have made this a particular study. Generally it is believed that there are no rocks on the British isles whose power over the bar magnet or needle equals that of the compass rock at the apex of the Island of Canna, in the Hebrides. This is wrong, for I have obtained stones from Botallock mine, near St. Just, in Cornwall, and from a quarry at Lanneston whose magnetic power surpasses that of the Canna stone. The rocks along the coast of Cornwall, from Porthallow to the Lizard, are all more or less magnetic. In the case of these miles of basic rock along the Cornish cliff, where thousands of pounds of magnetic material are brought into motion by a storm, there must at times be an enormous increase of magnetic power. Of this power the sea would be no barrier, water being a conductor of magnetism."

There is nothing intrinsically improbable in the Clark theory. It is reasonable enough on its face to set the wheels of governmental investigation in motion, and it certainly will excite active discussion among geologists generally. If proved, the mariners' charts of the world might have to be revised with reference to the magnetic or non-magnetic character of each continental and island coast line, and that would be something of a task. Or, if that were not feasible at present, then some means might be sought to strongly insulate the hulls of the giant liners and numberless iron tramp steamers that roam Earth's waters. Edison and leading electricians generally will be looked to with interest for such a solution, if Mr. Clark's ideas are shown to be correct or even probable.

BIG FIRE IN CLEVELAND.

Cleveland, Ohio, May 26.—It was nearly daylight today before the firemen succeeded in fully controlling the fire which started in the Ohio Sash and Door company's big factory at midnight. The flames repeatedly communicated to nearby buildings. Beyond a severe scorching, however, nothing was destroyed except the Ohio Sash and Door company's plant and lumber piles. The total loss is about \$100,000, partly covered by insurance. Ten firemen from the fire tug Farley narrowly escaped being caught under a falling wall. They dropped the hose and ran for their lives. The hose was buried under the burning debris.

AFFAIRS AT THE CITY HALL.

MORE RESOLUTIONS PASSED FOR PAVEMENTS.

Special Meeting of the City Council

This Evening—Committee Meeting.

At its regular meeting last evening the board of public works passed resolutions for the following street improvements: Walton avenue, twenty-eight feet wide; Wayne street from Calhoun to Clinton, forty-two feet wide; Baker street, twenty-eight feet wide; Madison street, thirty feet wide; Fourth street, Calhoun to Sherman, twenty-four feet wide. Resolutions were also passed for the paving of an alley between Wayne and Washington, from Barr to Clinton, and the alley between Jefferson and Washington, from Clay to Barr.

H. A. Gerberding was given permission to relay a sidewalk on Harrison street, from the Nickel Plate to Superior street, and his bond for building sidewalks for one year was approved.

The assessment rolls for grading the alley between Maumee avenue and Oak street, and for grading and constructing sidewalks on DeGross street were approved. Residents of Boltz street remonstrated against the proposed opening of that thoroughfare. Forty-eight Gay street property owners remonstrated against the proposed paving of that street. The plans for sidewalks on the east side of Lafayette street, from Pontiac to Boltz street, were approved. M. A. Martin was granted permission to lay a sidewalk by private contract in Sanders & Metcalf's addition.

The board set the date for hearings on the pavements for June 9, when property owners will have a chance to express themselves. The invitation to participate in the Decoration day ceremonies was accepted with thanks.

COUNCIL WILL MEET.

City Clerk Manning has today been sending notices to councilmen of a special meeting of the council to be held this evening to take some action on the death of ex-Mayor Muhler. Mayor Scherer will not be able to attend, as he was one of the committee which went to Danville, Ill., to meet William Jennings Bryan and escort the democratic leader to Fort Wayne tomorrow.

TALKED OF GAS.

The sub-committee of councilmen appointed to inquire into the proposed revision of natural gas rates, met in the city clerk's office last evening and listened to a statement by Hon. R. C. Bell. Mr. Bell was one of the original stockholders and is conversant with the affairs of the company for the first few years of its existence. He explained that the company, as originally organized, had hoped to get its money back in five years and during the next five years believed they would make a very comfortable profit. After that they had hoped for cheaper gas. He estimated the average annual income of the company at \$675,000, although during some years improvements had cut this down one-third. He believed if the company offered to put down more wells and give the city a sufficient supply of gas, provided the rates were not changed until next May, the offer should be accepted. On January 1st a revision of rates could then be made.

The committee discussed the matter thoroughly and determined finally to submit questions to Mr. Paul. The Poisson questions were submitted to City Attorney Shambaugh and he will report to the sub-committee at a meeting to be held next Monday or Tuesday evening.

WANT MAJOR WILSON.

It is given out that at the national meeting of the order of Elks, to be held at St. Louis early in July, the Fort Wayne members will present the name of Major G. W. Wilson, of this city, as a candidate for the appointment of district deputy. This office is the highest within the state jurisdiction, and one of much honor. The Fort Wayne members are confident of securing the appointment for Major Wilson.

MONEY SPENT BY CUBA.

New York, May 26.—Inquiries having been made concerning the amount of money received and expended by the junta in connection with the recent troubles in Cuba and war with Spain, T. Estrada Palma, the delegate in this country of the so-called Cuban republic, in an interview said: "The idea that upward of \$6,000,000 was collected for the Cuban cause and turned over to me as the Cuban representative is rubbish. The estimate that \$4,800,000 was subscribed by Cubans in the United States during the last four years is preposterous. I don't suppose it was much more than half a million dollars, and the total amount received by me from all sources was

probably less than \$1,250,000. Of this about \$470,000 was received from Cuban planters on account of taxes, the Cubans in Paris may have subscribed \$150,000, and the private contributions of Americans and Cubans in the United States were probably less than \$50,000. I shall explain all of these matters at the proper time."

REV. RICE WILL RESIGN.

At a meeting of the congregation of the West Jefferson street Church of Christ held last week the pastor, Rev. P. J. Rice, announced his intention of handing in his resignation, which would take effect in the latter part of the year. Mr. Rice did not state his reasons for resigning at the time. Mr. Rice said today that his resignation was on account of private reasons, which he could not explain, and that his relations with the church had always been and were now most pleasant. The announcement was a great surprise to his congregation, who had no idea that Mr. Rice intended to take the step. Mr. Rice has had charge of the local church for the past six years, and during that time has done much toward its advancement. It was due to his untiring efforts that the new church was built, and during his pastorate the membership of the church has doubled.

BOY BADLY HURT.

A 7-year old son of August Bolman, of 60 Elm street, was severely cut on his arm and wrist yesterday. In company with a number of other boys he was playing near a wagon on West Berry street and had climbed in. The driver of the wagon started off suddenly and the boy tried to climb out, but fell with his arm under the wheels, which passed over it, cutting the wrist to the bone. Dr. Meyers was summoned by a lady who saw the accident and he sewed up the wound, after which the boy was taken to his home.

WILL REPAIR STREETS.

The board of works has received word from O. E. C. Guelich that the contractor will arrive in the city within a few days to make repairs on the streets paved with Alcatraz asphalt last year. Calhoun street is in especially bad condition, big holes having worn in spots in almost every square. Otherwise the pavement is in first-class condition.

BIDS FOR SCHOOL HOUSE.

Bids for the erection of the new Adams township schoolhouse were opened at the office of Meyer & Stock yesterday afternoon. There were nine bidders in all and the successful bidder was E. C. Pohlmeier. The school house will cost in the neighborhood of \$4,000. The bidding was very close, there being but a few dollars difference between the highest and lowest.

WILL CLOSE STORES TUESDAY.

The proprietors of all the dry goods stores of Fort Wayne have entered into an agreement to close their places of business all day Tuesday, May 30, Decoration day, notice of which appears in another column of The Sentinel.

NORTHERN INDIANA NOTES.

W. S. Wright, formerly connected with the Logansport Journal, is now attached to the Havana Herald at Havana, Cuba.

Alfred E. Phillips, of Columbia City, has been appointed to the head of the new civil engineering department in the Armour institute at Chicago.

Amer Baumgardner, aged twenty-five, of Bremen, Ind., was arrested and confessed to having stolen five horses, two of which were found in his possession.

The plant of the South Bend Electric Light company, owned by the estate of the late millionaire, Chapin, has passed to the control of Hugh H. Hosford and other eastern capitalists.

Mathias Daniels, a wealthy Texan, advertised for a wife. Miss Anna Hiltz, of LaPorte, answered. A correspondence resulted and Daniels has just arrived and claimed Miss Hiltz for his wife.

Jesse, the young son of Reese Baggs, a farmer in the vicinity of Lobolly swamp, near Portland, was bitten by a rattlesnake. The lad hastened home and by prompt medical attention his life was saved.

MR. HARRISON IN PARIS.

Paris, May 26.—Former President Benjamin Harrison, who is acting as the legal representative of Venezuela on the boundary commission which meets here on June 15, has arrived in this city. The United States ambassador, Gen. Horace Porter, is arranging for an interview between President Loubet and Mr. Harrison.

TOLEDO, \$1.00.

Next Sunday. Train leaves 7 a. m.

If your dealer does not handle "Turkana," union made, 5c cigar, ask him to get it. 20-6t

The People's Store.

MISSIONARY UNION MEETS

TWO INTERESTING SESSIONS
ARE HELD.

Third Presbyterian Church Well
Filled by Christian
Workers.

There was an excellent attendance at the opening meeting on the fifth annual meeting of the Missionary union yesterday afternoon, the different churches in the union being well represented.

The meeting was opened by a devotional service led by Mrs. McGaw, which was followed by a musical selection by Miss Lavon Sperry. The secretary's and treasurer's reports were then read and were most encouraging and satisfactory. An election of officers which was held resulted as follows: President, Mrs. M. S. Wilson; vice president, Mrs. John Hayden; secretary, Miss Williams; and treasurer, Mrs. Norah Hughes. A missionary conference conducted by Miss Sharp was held, after which the reports of the local societies were read. The session concluded with an enjoyable duet by Miss Lilian Schrader and Mrs. Gesmann.

At 5:30 a supper was served by the ladies of the different churches in the assembly room of the church.

The evening service, which was largely attended, opened with a musical selection by the Third church choir and a scriptural reading and prayer by the Rev. J. A. P. McGaw, after which the ladies of the quartet rendered a musical number. The Rev. Sherman Powell, Rev. L. J. Motschman, Rev. David T. Williams and Rev. Maurice Samson gave three minute talks, which were very interesting, bearing upon the work of the different missions.

The main feature of the evening was the missionary address by Mrs. Mary Ehlers, of Auburn. She gave an interesting and inspiring talk of her experience in missionary work among the southern negroes. Within the last few years a great deal has been done toward establishing missions, schools and hospitals, though in former years the movement was not encouraged by the white people of the south. She said that in these southern states there was an ample field for missionary work among the colored folk.

The meeting closed with a short prayer by the Rev. L. J. Motschman.

FEAR A PESTILENCE.

Dawson, April 15.—(Via San Francisco, May 26).—With the return of spring to Dawson come renewed fears of pestilence and death. Stringent sanitary measures are being adopted. Health Officer Good has posted public notices throughout the town forbidding all persons to gather ice or take water from the Yukon at any point nearer than a mile above the city. The Yukon council is planning a system of drainage on the flats upon which the city is situated and an ordinance has been passed requiring the inhabitants to use the utmost care in cleaning their premises prior to the breaking up of the river. Notwithstanding all these precautions, physicians predict an unusual prevalence of typhoid, owing to the accumulated filth of the winter, which now encumbers the site of the city.

FIRE AT CONEY ISLAND.

New York, May 26.—Fire started early today in Buschman's pavilion, Coney Island, and spread rapidly until seven blocks of frame buildings had been destroyed. A conservative estimate of the loss places it at \$350,000. Policeman Thomas Lynch and Fireman George Taggart and William Aldrich were painfully but not seriously burned while rousing the sleeping occupants of several threatened buildings. Richard Downs and William Durkin, eighteen and fifteen years old respectively, who were asleep in the Seasa hotel, were severely burned about the body. The police believe the fire was of incendiary origin. Deputy Battalion Chief Kirkpatrick, of the fire department, says he discovered traces of kerosene along the board walk in front of one of the burned buildings.

PROMINENT NEGRO DEAD.

Atlanta, Ga., May 25.—S. J. Taylor, one of the most prominent negroes in the United States, died here suddenly this morning. He was a leading negro democrat and held important positions under President Cleveland's administration. His family resides in Baltimore.

LETTERS OF SOLDIERS.

What They Write Home From the Philippines.

HOW THEY VIEW THE STRUGGLE.

Interesting Expression of Opinions as to the Philippines and the Government of the Philippines—Tart Letter From a Michigan Man—Views of a Colorado Soldier.

One of the shortest and tartest letters that have been received at Grand Rapids, Mich., from the Philippines came on one of the morning deliveries the other day to W. R. Brock of the Wellington, says the Grand Rapids (Mich.) Press. It is from August W. Erickson of Company C, Fourth United States infantry, and is dated Manila, March 23. Erickson writes:

"I thought I would write and tell you how we are getting along. There is work here all right. A man has to go to sleep with a bullet whistling past his ears. It's a nice sensation, I don't think. We have about 4,000 prisoners here, but we can't capture Aguinaldo, and he is the 'whole cheese' on the other side. The insurgents are a dirty lot, and while I am not worse than any of the others, it is a pleasure to kill them. Brock, you will never know what fun it is until you come over here and shoot about a dozen of these black rascals. Of course there is a little hard work mixed in with it, but you won't mind that one bit. I do not know what to write to you, only that we are slowly driving the insurgents back."

The Evanston (Wyo.) Press publishes two interesting letters from Evanston soldiers in the Philippines, in which some significant passages occur. Sergeant Thomas A. Williams, Company H, Wyoming battalion, says among other things: "I am positive that the entire archipelago and its 7,000,000 inhabitants are not worth one single American soldier's life to your government. Just as sure as we retain possession of and attempt to govern the Philippines so sure will they prove a financial loss. If I was running matters here, I would say to Aguinaldo and his ignorant followers, 'Take your islands and welcome to them.' Williams has just been promoted to a lieutenantcy for bravery and soldierly qualities.

Private A. A. Bailey of the Wyoming battery writes in the same issue, among the concluding paragraphs of his letter, as follows: "You can bet your ears and 'everything' you have that this is not a white man's country, and I would not agree to remain here permanently for a \$10,000 starter and will be as ready and willing to return to God's country as anybody on the islands."

A Colorado soldier who is uncompromisingly opposed to this war expresses his views in the following letter to Carl H. Peterson of Dawkins, Colo. It is from Luther B. Wiley of Company C, First Colorado United States volunteers, and is dated Manila, April 9. Wiley writes:

"Your letter of Feb. 23 reached me a few days ago out in the trenches, or camp, nine miles east of the city. We have been having work enough to do for the last two months, though little fighting. Company C has been in but one mix up, and I was not in that. I got to the company just as they were giving up the chase and starting back to camp. We had three men wounded and several more played out with heat, and so I came in very handy to help them back. I have been uncompromisingly opposed to this war on the Filipino. I think it wrong from start to finish—the 'policy,' I mean. It was entirely unnecessary, but now of course it must be fought out. And it looks as though the men that enlisted to fight to liberate people must now fight to enslave them."

"You will see by the papers that there has been some pretty hard scrapping at various places. As it happens, I have not been in a fight with the Filipinos yet. The company has been engaged once, though we have shifted our position more than once in order to be in their line of advance, expecting to get in a shot or two. However, they are wary, and after making a feint fell back to safety. And as we were not ready to give them chase our fun was spoiled. Fun! Well, it is anything but fun. The heat is simply oppressive. I have seen a higher temperature in Colorado than I have ever seen here, but it seems to smother here."

"Well, Carl, your jolly jingle of frolic and fun lifted me out of the blues into which I have pretty much settled lately. I had hoped to be at home and at work before this. I feel as though I am losing valuable time. My heart is not in this war as it was in the one I enlisted to fight in, and I go into it simply because I have to. If I were not an American, I think I would be helping the Filipinos. You may well be glad that you did not enlist in the war. To be a soldier in such a cause as we are now engaged in is nothing to be proud of. I am chagrined and ashamed to think of it as it is."

"Well, Carl, the mail closes at 10 a. m., and it is now 20 minutes of that time, so I will have to close in order to get this to the office. Write soon."

Cervera Remembers Friends.

Arthur C. Humphreys of Norfolk, Va., has received from Admiral Cervera and Captain Concas of the Spanish navy likenesses of themselves, sent to him as a token of regard. Each came in a pretty gilt frame made in Spain. The picture of Admiral Cervera was sent from his home in Madrid and that of Captain Concas came from his home in Barcelona. Dr. Humphreys also has received a handsome Spanish admiral's flag, made by the wife and daughter of Captain Concas and sent to him by that officer.—New York Press

An Optimist.

"I like to see a man make the best of things. There's Frisbie, for instance. That man never complains. You know he moved about a week ago, don't you?"
"Yes. Got a fine house very cheap."

"That's what he did, but as it turned out he would have set up an awful holter if he were constituted as most men are. Of course, you remember how his hearing was almost destroyed because of the premature explosion of a toy cannon last Fourth of July? Well, just after his family had got comfortably settled he found that a newly organized brass band was using a vacant room near his to practice in."
"That's tough."
"Yes, but Frisbie's going around smiling and congratulating himself on the fact that he has lost his hearing and saving \$10 a month on his rent on account of it. I tell you I'm beginning to believe this world is pleasant or otherwise just as a person tries to look at it."—Chicago Daily News.

SIX MASTED SCHOONER.

The New Marine Wonder Will Be Built by a Maine Man.

The building of a six masted schooner is now assured. Captain John G. Crowley of Taunton, Mass., managing owner of the Crowley fleet, will have this vessel built at once. The Crowley fleet now comprises the schooner John B. Prescott, a five master, the largest schooner in the world; the great 8,000 ton four master Henry W. Cramp and the four masters Sagamore and Mount Hope.

The new six master will be 300 feet on the keel, 340 feet over all and 420 feet from end of spanker boom to end of jib boom. She will carry 5,500 tons of coal, and with ordinary fortune will pay large dividends.

The cost of this new marine wonder will be about \$100,000. The shares have all been subscribed, having been taken up with a rush.

The six master will be built by J. M. Bean of Camden, Me., who launched the John B. Prescott last January. She will be completed in June, 1900.—Providence Journal.

Our Big Store.

The constant stream of reports being received from travelers and commercial agents abroad indicates that Uncle Sam is keeping the biggest department store in the world and that all the nations are rapidly becoming customers at his counters.—Pittsburg Times.

Good Reason For Brevity.

Do not write long letters, leave out all unnecessary words, as the prison officials are supposed to open all mail matter.—Prison Missionary, Published by Prisoner No. 2409 in Cell 138, Oregon Penitentiary.

HEARS AFTER MANY YEARS.

Mexican Veteran Restored to His Senses by an Accident.

Probably one of the most remarkable cases of a recovered intellect on record is that of Mathias Steingruber, who is living with his grandnephew, Percy W. Holcomb, on a farm in Jackson township, near Fostoria, O.

Mr. Steingruber fought in the Mexican war as a member of a cavalry regiment. In a charge at the battle of Resaca de la Palma his horse stumbled and fell, throwing him on the ground and paralyzing his spine. When taken to the hospital, he was able to tell every thing that took place up to the time he was hurt, but after that everything was blank. Since that time his mind has been clouded. He has always insisted that he was only 21 and was going to vote for Taylor for president.

TOO GENEROUS.

Sutor—I came to ask for your daughter, sir.
Henpeck—Certainly you can have her, and I'll throw in her mother for good measure.

THE INNOCENT DEAR.

Judge—Want to get married?
Miss Oldmaid—Yes.
Judge—What's that paper?
Miss Oldmaid (blushingly)—My parents' consent.

WHITE FRUIT HOUSE

See the drive in neckwear at Patterson's

Mr. and Mrs. Peter Henkenius have gone to Rome City to occupy their cottage for the season.

The regular Saturday bread and cake sale by the ladies of Trinity M. E. church will be held tomorrow afternoon at the church.

Mr. and Mrs. F. J. Greer are attending the annual exhibition of the National League of Mineral Painters at the Art Institute, Chicago.

Jack Crooks and Mattie McVicker have signed with Buffalo and will take the places of McQuade and Householder. Jack Chapman may be signed as manager.

Mrs. W. M. Cutler, of East Washington street, entertained at dinner yesterday in honor of her daughter, Miss A. W. Paschall, of Peru. The out of town guests were Mrs. W. Moore, of Roanoke, and Mrs. A. W. Paschall, of Peru.

Mr. and Mrs. Will Brackett will arrive in the city this evening on their return from Salt Lake City, where they have been spending the past six months for the benefit of Mr. Brackett's health. He is said to be greatly improved.

Miss Edith Alberts charmingly entertained at the home on Erie street last evening a number of friends. The evening was pleasantly spent in playing games, after which refreshments were served and a very enjoyable time was reported by all present.

The tea given by the ladies auxiliary to the B. O. R. T. at the home of Mrs. J. H. Foster, 19 Lavina street, was well attended. All went away reporting a pleasant time, with the promise to attend when the tea is given again, as the ladies serve every two weeks.

Mrs. Ormsby's class went to Robinson park yesterday and enjoyed a delightful outing. There are a large number of professional and business gentlemen in Mrs. Ormsby's class and the occasion was one of real recreation for them. Not all the class was able to be present, but there were between forty-five and fifty ladies and gentlemen in the party who sat down to supper in the pavilion and Host McKinnis exerted himself to excellent purpose in entertaining the picknicks. A ride was taken on the steamer and other amusements contributed to the pleasure of the affair. These outings have become an annual occasion with Mrs. Ormsby's class and they are always extremely enjoyable.

It's Not What Is Said

But who says it that makes a guarantee or any other statement of value. If Sam, Pete & Max say it, it means something, because back of what is said stand Sam, Pete & Max to make good the saying. We stand behind every suit of clothes which goes out of our house. You have a firm foundation under you when you do business with Sam, Pete & Max. When you are tired of guarantees which mean nothing, and weary of guessing at values you'll come here and get the real thing.

Particular Men...	Men's Fine Suits	The Facts Are...
Who enjoy good clothes, can discontinue their visits to expensive merchant tailors without discontinuing the wearing of fine garments.	\$15.00.	That no finer suits than those we show at prices named in center are to be had anywhere. By paying \$10.00 to \$15 more, you can get a tailor to make you something "just as good," perhaps.
	Men's Fine Suits	
	\$18.00.	
	Men's Fine Suits	
	\$20.00.	

Meritorious Clothing Truthfully Advertised Leads to Success
That is Where it Has Led Sam, Pete & Max.

Busy Business Men...	MEN'S MEDIUM SUITS,	Nothing Goes...
Who always wish to be neatly dressed, find what they want, at prices named in the center. The standard of excellence we maintain at prices asked is surprising.	\$7.50.	Into a Sam, Pete & Max suit which we are ashamed of. There is nothing about our suits in any way ridiculous except the low prices.
	MEN'S MEDIUM SUITS,	
	\$10.00.	
	MEN'S MEDIUM SUITS,	
	\$12.00.	

Giving the people something they want for less than they expected to pay is what has made Sam, Pete & Max Fort Wayne's largest and best clothing store.

FORT WAYNE, IND., FRIDAY, MAY 26, 1899.

PRICE TWO CENTS.

ARMY TOO SMALL

MORE TROOPS NEEDED IN THE
PHILIPPINES.

PRESENT FORCE INADEQUATE

TO HOLD THE TERRITORY
CAPTURED.

OLD GROUND IS FOUGHT OVER.

DEWEY TO COME HOME VERY
LEISURELY.

Manila, May 26.—7:40 p. m.—The events of the past week have emphasized the need of a much larger army here, without which, according to the best authorities in Manila, it would be attempting the impossible to expect to establish American supremacy in the Philippine Islands.

The inadequacy of forces is said to be responsible for the large total loss in the number of small encounters, without material results as a compensation. Most of the fighting has been in territory which the Americans have swept but have been compelled to abandon because they could not spare troops to hold it.

The forces commanded by Generals MacArthur and Lawton hold two important lines of communication and commerce, the railroad to San Fernando and the Rio Grande river. But much of the country they have swept, including scores of the smaller towns and some of the larger ones, have been left uncovered, simply for want of men to hold them, and the insurgents have returned and are occupying the towns the Americans abandoned and are camping in the jungles and woods outside of others on the watch for chances to harass the garrisons and attack scouting parties or detached companies with greater forces.

This is the kind of warfare they prefer to regular battles.

It appears that the Filipinos who attacked the Third regiment between San Miguel and Balingag were part of Plo del Pilar's army. They came from the south, across the mountains, presumably, to meet a wagon train which General Lawton expected along the road. They also planned to capture several large detachments and were placed in ambush at different points.

They fired from the jungle at a distance of 200 yards and gave the Americans one of the hardest fights experienced in the campaign.

The Filipinos lost more heavily than the Americans in all the encounters. The insurgent generals take the loss of arms more to heart than they do the loss of men.

Foreigners who have arrived here from the insurgents' country, under the recent order of expulsion, say the cemeteries in all the towns are filled with fresh graves. A majority of the Filipinos wounded die because the insurgent hospitals are inadequate, medicines are scarce and they have few surgeons, except Spanish captives who have been impressed.

DEWEY COMING LEISURELY.

Washington, May 26.—Admiral Dewey telegraphs the navy department that he will stop at various places on his way to the United States and will reach New York about October 1.

ADMIRAL DEWEY BUTTER.

New York, May 26.—A dispatch to the Journal and Advertiser from Hong Kong says:

Admiral Dewey shows great improvement already. Installed spacious at the Peak hotel, with lofty windows that catch every mouthful of wind from the sea, he is losing the air he wore when he landed from his blistered cruiser.

It was rest that he needed—rest and cooler air. He is getting both.

Society at the Peak is well bred. There are no distinguishing factors there. It is here that the English officers and their wives, the government officials, the rich merchants and distinguished travelers take refuge from the heat and noise of the town.

They all feel a deep interest in the hero of Manila bay, but they respect his desire for quiet.

He has become one of them already. With the ease of a polished man of the world, he has dropped into his place in the little community that really resembles a house party at an English country residence. Strangers to that community cannot intrude upon him, however. The government detectives see to that.

So do the detectives hired by Consul General Wildman. So do the swarms of Chinese servants.

If the Filipino junta ever meant more than bluster by its hints of assassination, it has been thoroughly cowed by the British police.

Howard Bray, the English confederate of the insurgents, has been suddenly struck dumb. So have his American fellow-schemers. These people received brusque warning from the authorities that if they did not behave themselves they would be treated to a dizzy surprise. The Filipinos themselves were similarly cautioned and are under a close surveillance.

CONDITION IS CRITICAL.

Friends in this city have been notified that Charles Muehlfeith is in a critical condition at the Eastern Hospital for the Insane at Richmond, where he was taken for treatment some time ago. Mr. Muehlfeith suffers from softening of the brain, and it is believed he can not long survive.

WILL WAGE WAR ON TRUSTS.

COLONEL BRYAN TALKS OF
NEXT PLATFORM.

Chicago Platform Will Be Reaffirmed
and Strong Anti-Trust
Plank Added.

St. Louis, Mo., May 26.—Col. William J. Bryan today expressed himself as much pleased with the result of last night's banquet.

In a signed statement furnished to the Post-Dispatch, Colonel Bryan said:

"To the Editor of the Post-Dispatch: The sentiment of the meeting was in line with the sentiment of the party generally. The Chicago platform will be reaffirmed and entire and new planks added to cover new questions. The trust issue will be one of the most important of the issues."

The banquet last night was a huge, unmitigated success. Nearly 2,000 men sat around the tables, which were phalanxed in the arena of the Coliseum, where the horse shows and dog shows and athletic games are held. In the amphitheater some 7,500 women and men lingered to see 2,000 hungry democrats eat and to hear 2,000 democrats yell and shout when William J. Bryan came into the place. An overflow meeting was held in the auditorium of the Music Hall building. The seating capacity of the Music Hall is 6,000 and every seat was filled, the aisles were jammed and the walls were banked deep with those who found standing room. It is estimated that 20,000 people heard Colonel Bryan and the other speakers, for the orators spoke in each place.

THE BAPTIST CONFERENCE.

San Francisco, May 26.—The national Baptist conference today listened to the report of the committee on the publishing department, which showed that a vast amount of work had been done during the year. Rev. L. T. Henry, of Indiana, chairman of the committee, followed with an interesting address on "The Dissemination of Baptist Literature." The noon hour was devoted to general business and discussion. The afternoon sessions were devoted chiefly to reports of various committees and reconsideration of Sunday school work.

VERDICT FOR \$500.

The Ellenwood wife desertion case was given to the jury at 6 o'clock last evening and at 9 o'clock a sealed verdict was returned. It was opened by Judge O'Rourke at 9 o'clock this morning. The verdict was in favor of the plaintiff and awarded her damages in the sum of \$500. J. B. Harper, for the defense, claims that the jury had no right to fix the damages and will move for a change in the verdict. If Judge O'Rourke reduces the amount it may be settled. If he doesn't Ellenwood threatens to serve a year in jail.

FAIL FOR MILLIONS.

Glasgow, Scotland, May 26.—A great sensation has been caused by the failure of Neilson Bros., an important firm engaged in the iron and steel trade. They had long been Glasgow pig iron and were heavily overvalued when the corner in warrants was engineered. It is calculated that the concern lost \$1,250,000 during the last year. The total of the liabilities is unknown. Neilson Bros. were the largest dealers and exporters of ship plates in Scotland.

William Christian has purchased a handsome half lot opposite Reservoir park for \$300.

NEARING THE END.

PRESBYTERIAN ASSEMBLY IS
ABOUT TO CLOSE.

IT MAY ADJOURN TONIGHT.

WAGING A HARD FIGHT ON
POLYGAMY.

WANT ROBERTS THROWN OUT.

ASK FOR AMENDMENT TO THE
CONSTITUTION.

Minneapolis, Minn., May 26.—There were many vacant seats in the Presbyterian general assembly today in consequence of reaction from the excitement of yesterday's debate on the McGiffert case.

After an exchange of greetings with the general synod of the Reformed church at Tiffin, Ohio, a report from the committee on bills and overtures was read.

Indorsement and commendation of the Brotherhood of Andrew and Philip were recommended.

In the matter of numerous overtures in favor of changing the method of appointing committees, it was recommended that a committee of four ministers and three elders be appointed to consider the matter and report to the next assembly.

Resolutions against Congressman Brigham H. Roberts, of Utah, and in favor of an anti-polygamy amendment to the national constitution were introduced. The report of the committee was adopted.

The fifty-sixth congress is called upon to promptly expel Mr. Roberts in accordance with article 1, section 5, of the national constitution. The resolution was adopted.

The assembly calls on the same body to amend the national constitution and submit the same to the legislatures of the states defining legal marriage to be monogamous and making polygamy, under whatever guise or pretense, a crime against the United States, punishable by severe penalty, including disfranchisement and qualification to vote or hold office of honor under the United States or in any state or territory thereof.

The committee on Sabbath observance offered and the assembly adopted an additional resolution calling upon "all office bearers and members who are employers of labor to exert themselves to reduce the amount of Sabbath labor and to condemn that policy of management which makes it obligatory upon the laborer to choose between dismissal and Sunday labor."

Douglas P. Putnam, chairman of the committee on church erection, reported on the work of the board of that name, and Corresponding Secretary Erisline N. White made an address in behalf of the board.

The committee on polity recommended that no action be taken this year in the matter of consolidating the freedmen's with the foreign missions.

It is thought the assembly will adjourn after an evening's session today.

LUTHERAN SYNOD.

York, Pa., May 26.—Committees were appointed at today's session of the general synod of the Lutheran church of the United States to consider memorials of the German Nebraska synod, the Northern Illinois synod, Carthage college, all pertaining to an official church paper.

The report of the committee on rules, appointed two years ago, was submitted to the synod and unanimously adopted.

Dr. W. E. Parson, D. D., president of the board of managers of the home for the aged at Washington, D. C., presented his report, which was adopted unanimously. This institute was incorporated in 1890 and turned over to the church in 1895 and is now managed by the board of trustees.

The property, in a suburb of Washington, consists of twenty-seven acres of valuable land and a commodious home for the aged people of the church. The property is valued at \$50,000.

There are now ten inmates from five states in the institution.

The apportionment for the past biennium realized \$10,000.

An abstract of the report on home missions follows:

The board reported that the total receipts, exclusive of the balance and loans, were \$34,349.03, being an increase of \$3,000 over the preceding biennium.

The indebtedness of the board in round numbers is \$105,000, and it is

suggested that all churches make an effort to assist in liquidating the debt during next November. Twenty-two missionary societies have decided to prosecute their work without further aid from the board.

Twenty-five new missions have been added to the roll.

The progress of the one at Stockton, Cal., and the one at Jerico, Mo., was reported slow, and aid was withdrawn at the end of the first year. Five of the new missions are in Greater New York and Jersey City, two in Philadelphia, one in Chicago, one in Troy, N. Y., and one in Trenton, N. J.

The board asks an appropriation of \$100,000 for the next biennium.

REFORMED GENERAL SYNOD.

Tiffin, Ohio, May 26.—The general synod of the Reformed church today urged, by resolution, Christian workers to assist the American Bible society in extending the Gospel in Cuba and foreign lands and authorized the printing of a thousand copies of the digest of the minutes of the synod since the organization in 1893 to the present time.

An amendment was approved creating a court of appeal, consisting of nine members, to whom will be referred all complaints and appeals for final adjudication, except those involving questions of doctrine.

INTERNATIONAL Y. M. C. A.

Grand Rapids, Mich., May 26.—Delegates and visitors to the International Y. M. C. A. conference were given a trolley ride about the city today visiting points of interest and furniture factories.

A meeting for men only was addressed by Anthony Comstock, in the interest of his work for the suppression of immoral literature.

J. M. Buckley, editor of the Christian Advocate, delivered an address on "Rationalism." It was a strong plea in behalf of inspiration of the Bible. He held that denial of inspiration of the Bible meant abandonment of all hope of a future life, for inspiration alone reveals or promises it.

THEY WORK FOR THE CHURCH.

MEETING OF THE BAPTIST
YOUNG PEOPLE'S UNION.

Delegates from Northeastern Indiana Will Begin Session
Tonight.

The B. Y. P. U. convention of the northeastern part of Indiana will convene this evening at the Baptist church. About one hundred delegates are expected to be present and they will represent the district north and east of Indianapolis in this state. The convention will hold meetings in the lecture room of the church until Sunday evening. Several interesting addresses will be made and the reports of the various delegates will be read. On Sunday a grand revival will be held in the church to which everyone is invited. Tomorrow the street railway will carry the delegates who wish to visit Robison park for half fare.

This afternoon from 4 to 5 o'clock there is a conference of corresponding secretaries and junior presidents at the Tabernacle. This evening the convention will organize and committees will be appointed. Stella Harvey, president of the Fort Wayne B. Y. P. U., will deliver an address of welcome to the delegates and Rev. W. D. Chipp, of Bluffton, will make the response. An address on the pointed topic, "More Force and Less Fuss," will be delivered by Rev. A. D. Berry, of Indianapolis. At the conclusion of this address there will be a reception to delegates.

NEWT. MURRAY'S TRIAL.

In the circuit court today before Judge O'Rourke and a jury Newt. Murray was tried for grand larceny. He is accused of stealing a hide from a dead cow and while within itself the crime could be only petit larceny, the charge was made grand larceny under the law which allows the greater charge for the smaller crime when committed by a man who has served a term in prison. Murray was defended by Judge Morris, R. B. Dreihelbiss, E. V. Emrick and Attorney Drake. Prosecutor Doughman closed the argument for the state at 3 o'clock this afternoon. The defense claimed that Murray was innocent for the reason that he had been hired by another man to skin the cow.

ROSA BONHEUR DEAD.

Fontainebleau, France, May 26.—Rosa Bonheur, the famous painter of animals, died at 11 o'clock last night.

LAW INTERPRETED

NEW TOWNSHIP MEASURE IS
EXPOUNDED.

ATTORNEY GENERAL'S VIEWS.

HOW THE NEW LAW BEARS ON
THE SCHOOLS.

INFORMATION FOR TRUSTEES.

STATE SUPERINTENDENT ASKS
FOR OPINION.

Indianapolis, May 26.—In reply to a request from the superintendent of public instruction for an interpretation of the township reform law the attorney general has rendered an opinion which the officials at the office of the superintendent of public instruction say will prevent the trustees of some townships from providing sufficient school privileges for the next school term. Under the interpretation children will have to be transferred in some cases to other schools and their tuition paid or new school houses erected in the township. And on top of this, under the new law, the officials say there will be no money to pay tuition of children transferred. The superintendent of public instruction is at a loss as to how to proceed under the circumstances. In his opinion the attorney general says:

"I advise that for the year 1899 township trustees, as trustees of the school township, make their annual reports in August for the year ending July 31. This is true, because three-fourths of the year had expired before the township reform law went into effect."

"I advise that all township trustees make a complete report to the advisory board of the township at their annual meeting on the 5th day of September, of all their acts, doings, receipts and expenditures since the 27th day of April, 1899, pursuant to said township reform law. This shall include all of their acts as township trustees and as trustees of the school township and overseers of the poor."

"Township trustees in Indiana this year, after rendering their reports to the board of county commissioners in August, should publish such report, as provided by section 1, of the act of March 7, 1895."

"I also advise that all township trustees in Indiana post up a statement of the indebtedness of their respective townships on the first Monday of August of each year, as provided for in said act of March 7, 1895. This, in no wise, will relieve them from the necessity of making the estimates and statements to the township advisory board, as provided for in the township reform law."

"Incidental repairs on school houses, roads and bridges should be made by the township trustees and reported to the advisory board in September. It is not necessary that they have an order from the advisory board to make these repairs needed between now and the meeting of such advisory board."

"The evident intention of the township reform law was to prohibit the creation of bonded indebtedness by the township."

"A township bond is a contract. It is, therefore, clear that there is no authority now vested in the board of county commissioners to authorize a township trustee to create any indebtedness. The advisory board meets on September 5th this year. These boards may authorize a township trustee to create any debt for the township that may be deemed necessary, and authorize a levy therefor, which levy shall be certified to the county auditor, all as provided for in said law."

"I do not think there is authority for the advisory board to organize prior to September 5, 1899, and, therefore, I know of no provision that would warrant of their taking any action that would bind the township prior to that time."

"It would be entirely proper for the members of the board already appointed to consult with the trustee and be advised of the needs of the township prior to the meeting of that board, and to advise with the trustee fully concerning all such matters."

"The township reform law has no application whatever to school trustees of towns and cities."

The advisory boards would undoubtedly be authorized to approve purchases made by township trustees between the taking effect of the reform law, to wit: April 27, 1899, and the 5th day of September, 1899, where such supplies are indispensable necessary to meet the needs of the township. This, of course, would not

include new buildings or extensive purchases.

"In all cases where contracts are to be let, notices are required to be posted for three weeks in five public places in the township, and also at the door of each postoffice in such township. If the expenditures in any one class are to exceed \$500, then, in addition to such posting, he shall give notice once in two leading newspapers in the county. It is the duty of the advisory board to attend all lettings of contracts."

CASES APPEALED.

Justice Huser has certified the following cases to the superior court: William H. Niblick vs. May E. Rollins, Peter Anderson vs. William A. Behn and the Horton Manufacturing company. Both of these cases were taken up on appeals from the justice court's decisions.

ATTEMPTS TO END HIS LIFE.

TIED OF THE STRUGGLE WITH
POVERTY.

David Noonan Slashes His Throat
In a Frightful Manner—Will
Probably Recover.

David Noonan attempted to end his existence last evening at his home, 77 Superior street, slashing his throat in a frightful manner with a knife.

Noonan is a laborer, and has been out of work a large part of the time. He grew despondent, and this is believed to have been the cause of his attempt at suicide. In a conversation with his wife last evening he expressed himself as being tired of living in Fort Wayne because he was out of work so much of the time, and seemed very despondent. They retired about 8:30 o'clock, and shortly after Noonan arose to get a drink of water. He did not return and his wife became alarmed. She arose and went to the kitchen, and there in the darkness stumbled against the prostrate form of her husband lying upon the floor. He was nearly unconscious and bleeding profusely from a frightful gash in his throat.

The awful discovery drove the wife nearly frantic, and her cries soon brought neighbors to the scene. The police were notified and physicians summoned. Sergeant Markensider was soon on the scene, and in a short time Dr. C. E. Stults arrived, followed a few minutes later by Dr. E. J. McOscar and Dr. W. W. Barnett. The physicians gave the injured man all possible attention, and closed an ugly gash three inches in length across the front of the throat. The ambulance was called and Noonan was conveyed to St. Joseph's hospital, where the physicians were enabled to handle the case to better advantage. No large veins or arteries had been cut, though the trachea had been penetrated by the keen blade. While the wounds are serious, it is believed Noonan will recover.

Noonan is nearly fifty-five years of age, and with his wife came to this city from Plymouth about fifteen years ago. They have always lived happily together, and it is believed that only the prolonged struggle with poverty induced the husband to adopt violent means to end his existence. The man is a brother of Joseph Noonan, who was crushed to death in a stone yard about two years ago, and the wife of this brother, together with her daughter, lost their lives by a fall down an elevator shaft.

A RUNAWAY.

There was an exciting runaway on West Berry street and one lady had a narrow escape from serious injury. Dilcoe & Co. have purchased a new delivery horse and while standing in front of the grocery this morning the animal frightened and started to run, notwithstanding it was tied to a heavy weight. The horse dashed into Rev. Cissel's yard and out again onto the street. Misses Campbell and McLaughlin were walking on the sidewalk in front of the parsonage and they started to get away. Miss Campbell rushing into the street, and the horse after her. The lady fell and the weight to which the horse was tied struck her limb and slightly injured her. She was taken home in a cab. The horse ran onto the sidewalk in front of Armstrong's and then dashed around the corner onto Harrison street, where the delivery wagon was demolished. A bicyclist missed being run over by a

FORD BILL SIGNED.

Albany, N. Y., May 26.—Governor Roosevelt signed the amended franchise tax bill today.

TO GREET BRYAN.

IMMENSE CROWD EXPECTED
TOMORROW.

LEADER WILL ARRIVE AT NOON

RECEPTION IN AFTERNOON AT
RANDALL.

A SHORT INFORMAL ADDRESS.

PRINCIPAL SPEECH AT RINK IN
EVENING.

At 10 o'clock this morning a committee consisting of Hon. R. C. Bell, Hon. S. M. Hench, Hon. Henry P. Scherer, Sheriff A. E. Melching and Democratic Chairman William Kaough left over the Wabash for Danville, Ill., to escort William Jennings Bryan from that city to Fort Wayne tomorrow.

The party will reach Fort Wayne a few minutes before noon and Colonel Bryan will be driven to the home of Mr. Bell for luncheon. At 2 o'clock there will be an informal and brief address by Mr. Bryan, to be followed by a public reception at the Randall hotel.

The place where Colonel Bryan will speak in the afternoon has not been selected and will be determined only after word has been received from the committee now in Danville. The place of meeting will be duly and widely announced tomorrow morning.

The formal meeting will be at the Princess rink tomorrow evening. Admission will be free and no tickets will be required except for admission to seats on the stage. The distribution of tickets for stage seats is in the hands of a special committee.

On the beneficence of Jupiter Pluvius depends in large measure the size of the crowd tomorrow. If the day breaks fine and clear there will be an immense crowd of visitors. From all sections come the reports that the people are enthusiastic to see and hear the great orator and leader of the democratic hosts. Thousands will have the opportunity and the population within accessible distance of Fort Wayne will not be backward to improve it.

Everything points to one of the greatest inter-campaign meetings ever held in the state.

COMMITTEE HEADQUARTERS.

Messrs. George W. Feltz, Frank Purcell and Dr. W. W. Barnett, who compose the committee of arrangements for Bryan day, will establish headquarters tomorrow morning in Room 67, at the Randall hotel, and this will be used as a general information bureau.

ALL SALOONS CLOSED.

Wardner, Idaho, May 26.—All the saloons in Mullen, Gem and Burkt have been closed, the publication of the Mullen Mirror stopped and its editor, W. H. Stewart, arrested on a charge of publishing seditious matter. Four hundred and seventy-seven permits for employment have been issued in Wadaer. The Last Chance mine has started up with a small force. None of the mines above Wallace have started, but many are coming in and they will soon start. General Merriam has left for Denver, leaving Major Smith in command of the United States forces in the Coeur d'Alenes. There are now 235 men accused of rioting confined in the new prison just completed here. The coroner's investigation into the cause of the death of two men during the riot on May 8th is still in session and will probably last a week longer. Three hundred witnesses have been examined and some very damaging evidence is said to have been secured against the alleged rioters. Examination of the records of the miners' union, which were seized by the military authorities, show lists of men who were to be run out of the country.

TWO KILLED IN AN EXPLOSION.

Philadelphia, May 26.—One man was instantly killed and another so badly injured that he died soon by the explosion of a steam drying cylinder in the dyeing and finishing room of James Martin today. Three others were injured, one probably fatally. The dead are Daniel Huston, aged twenty-five years; Wm. Lang, thirty-nine years old. The injured are Michael McDough, aged thirty-four, may die; Michael Carlin, aged forty-five; Robert Underwood, aged sixteen. The side wall and some of the partitions were blown out by the force of the explosion. The loss on the building and machinery is estimated at \$10,000.

ON THE DIAMOND.
GREAT INTEREST TAKEN IN NATIONAL GAME.
FORT WAYNE TEAM IS STRONG.
BATTING WILL WIN MANY A CLOSE GAME.
TOLEDO DID NOT GET A RUN.
YOUNGSTOWN AND WHEELING WON ABROAD.

Never in the history of the national game has there been as much interest displayed as in Fort Wayne this season, and as the same enthusiasm is reported from all the other cities there is every reason to believe that the base ball season will be a successful one, at least financially. The Fort Wayne team as constituted today should be able to stay among the leaders during the entire season. The team as a whole understands all the points of the game and in batting it ranks higher than any that ever represented the city. In minor leagues, and the big ones, too, for that matter, the best hitting teams generally win. Glasscock has the team well in hand and knows how to win games. But if the team is expected to win he must have complete authority over the players and his judgment alone should determine who should and who should not play. Because a pitcher happens to have one bad inning that is no reason that the team won't win the game and nobody knows this better than Glasscock, who has probably seen hundreds of games won when they were apparently lost. And often, too, when there was only one more man to retire in the game. For instance, in Wednesday's game Reiman allowed two hits and made an error in the second inning. Helden made a wild throw and three runs were scored. An inexperienced manager would have sent him to the bench and called in a new twirler, but Glasscock undoubtedly knew that it took heady twirling to win the game and he allowed Reiman to stay in the game. The result was that only two runs were scored thereafter and one of these was a home run. It is the policy of every management to allow one man to handle the players, and as long as the Fort Wayne management follows this course that long will it get the best playing out of its players.

INDIANA-ILLINOIS LEAGUE.
Muncie, Ind., May 26.—The expected disruption in the Indiana-Illinois league seems to be here, the result of troubles that have existed between Managers Lawson, of the Muncie and Anderson teams, who are brothers. The Anderson man has been trying to squeeze his brother in Muncie out of the league, and in turn the Muncie man has already taken steps for the formation of an Indiana state league with Elwood, Richmond and Alexandria in the place of Anderson, Terre Haute and Danville, Ill.
This will be a fine circuit geographically, and in cities that are good ball towns where only independent teams have played. With this circuit the expense of traveling will be cut in two and the players in each team can nearly always sleep at home. Anderson should be a member, but this cannot be so with the present managers in charge of the two teams.

INTERSTATE STANDING.

	Won.	Lost.	Pct.
Toledo	16	9	.640
Mansfield	13	8	.619
Youngstown	13	9	.571
New Castle	12	10	.545
Fort Wayne	12	11	.522
Grand Rapids	12	12	.500
Wheeling	7	15	.318
Dayton	6	18	.273

YESTERDAY'S GAMES.
YOUNGSTOWN, 3; G. RAPIDS, 2.
Grand Rapids, Mich., May 26.—The game was evenly contested with

absence of errors on both sides and few heavy hits. Youngstown in the eighth inning got three hits in succession and the two runs netted proved decisive. The score:
Y'gstown . . . 0 0 0 0 1 0 2 — 3
G. Rapids . . . 0 0 0 1 0 0 1 — 2
Base hits—Youngstown, 7. Errors—Youngstown, 1; Grand Rapids, 0.
Batteries—Roach and Trest; Albrook and Cote.

NEW CASTLE, 2; TOLEDO, 0.
New Castle, Pa., May 26.—The game was a pitchers' battle, in which Streit had the best of it. Not until the seventh inning did a Toledo man reach third, and that was when Smith made a double and stole third. Wright had three of the five hits, two of them doubles. The score:
N. Castle . . . 0 0 1 0 0 0 1 — 2
Toledo . . . 0 0 0 0 0 0 0 — 0
Base hits—New Castle, 1; Toledo, 3.
Errors—New Castle, Streit and Graffius; Toledo, Cates and Arthur. Umpire—Ebright.

WHEELING, 8; DAYTON, 5.
Dayton, O., May 26.—Dayton returned from New Castle today after three defeats there and lost to Wheeling. The hoodoo hangs to the team. The game here was played under protest, as Dayton claimed that Dabb and Fleming have been farmed to Wheeling by Indianapolis. The score:
Wheeling . . . 1 0 2 0 0 2 2 1 — 8
Dayton . . . 3 0 0 0 0 1 0 1 — 5
Base hits—Wheeling, 12; Dayton, 8. Errors—Wheeling, 0; Dayton, 1.
Batteries—Wheeling, Carter and Donahue; Dayton, Dolan and Twine. Umpire—O'Brien.

Louisville, 7; New York, 0.
Cleveland, 8; Baltimore, 6.

NOTES OF THE GAME.
Phillips, of Louisville, let the New York team down without a hit or a run yesterday. And only one error was made behind him.
The Fort Wayne Journal has just issued a neat pocket schedule of games to be played in the Interstate league and there promises to be a demand for thousands of them.
George Kelly did not accompany the other members of the Fort Wayne team to Mansfield, but it is hoped that he will be in condition to pitch at Grand Rapids on Decoration day.

The eastern teams of the National league are not having much trouble winning the bigger portion of the games they play with the western clubs. St. Louis and Chicago have been especially easy victims of the eastern teams.
"Chick" Stahl was strictly in it with his bat at Cincinnati yesterday. He made three hits, one of them a two-bagger. Stahl also scored one run and accepted three chances. "Cy" Swain tells The Sentinel that he believes that everything taken into consideration Stahl is the most valuable outfielder in the National league.

Ellis Swain will pitch the game against Mansfield today and will probably return home Saturday and rest up for the games on Sunday, one of which he has promised to pitch. The New Castles, Fort Wayne and Mansfield are just now playing the best ball in the league and there is every reason why the coming five games should be among the best of the season. The double header Sunday will be called at 2 o'clock.
Buy your blue serge suit of Patterson.

DEATHS AND FUNERALS.
STOUDER.
The funeral of Anna M. Stouder will be held Sunday at 1:30 o'clock at the residence of her sister, Mrs. Atchison, six miles west of the city, conducted by Rev. Bodell. Interment at Lindenwood.
KIRCHNER.
The funeral of Ernest Kirchner will occur Sunday at 1:30 o'clock from the residence, 161 Eliza street, and at 2 from St. Paul's Lutheran church, Rev. Lange officiating. No flowers.

MILLER.
The remains of Miss Mary Miller arrived last evening from Denver, Col., and were taken to the home of her father, 8 Summit street. The funeral services will be held Sunday at 2:45 from the residence and at 3:15 from St. Paul's Lutheran church. Rev. Miller will officiate and the interment will be at Concordia.

MARIOTTE.
The funeral of Delbert J. Mariotte will be held Sunday afternoon at 2 o'clock from the residence, Brooklyn avenue. Rev. Cissel will officiate.
MUHLER.
Funeral services of the late Hon. Charles F. Muhler will occur Monday morning at 9 o'clock from the residence, corner of Wayne and Fulton streets, and at 9:30 from the Cathedral.

THE MAUMEE BRIDGE.
The citizens of the Eighth ward held a meeting last night in Goeck's hall and discussed the Maumee bridge. They are desirous of having it finished at once and a committee was appointed to call on the commissioners next Monday afternoon. This morning County Commissioner Off said the bridge would have been finished this spring had it not been for the increased price of structural iron and steel. He believes that within a few months prices will come down and the bridge can be built with much less cost to taxpayers. Engineer Goshorn has written to several bridge companies asking how soon they could build if the contract were awarded now, and has received no answer. The committee appointed to visit the commissioners is composed of the following gentlemen: Mayor H. P. Scherer, Henry Wiegmann, S. D. Bitler, Gustave Berghoff, August Lordier, Paul E. Wolf, A. Vogely, William Walde, William Doehrmann, William Hilker, Dr. E. K. Wenzel, Charles Buhr, H. W. Meintzen, G. W. Solidity, F. A. Goeck, J. B. Kelly, Julius Tonne and A. H. Dougall.

YALE'S NEW PRESIDENT.
New Haven, Conn., May 26.—Conservative Yale turned aside the traditions of two centuries late yesterday afternoon, and elected as president, to succeed Dr. Timothy Dwight, Professor Arthur Twining Hadley, of the academic department. Conservatism is departed from in the choice, for Professor Hadley is a liberal and progressive educator, although he and his friends have persistently protested against the application of the term "radical" to his methods. Since Abraham Pierson, a Harvard graduate, became Yale's first executive head in 1702, Congregational clergymen have succeeded each other as presidents of the university. Professor Hadley is the first layman ever to be seriously considered for that position. He will assume his duties as Yale's executive head at the close of the present college year, June 30th.

STAMP AGENCIES CLOSE.
On Wednesday, May 31st, the agencies for the sale of postage stamps which have been established in various parts of the city will go out of existence. Postmaster Page has received instructions from the postoffice department advising him that the appropriation for clerk hire for the coming year makes no provision for stamp agencies, and directing him to close them as early as possible. Mr. Page has, therefore, ordered the closing of the agencies on May 31st. The order affects every agency in the city, as follows: C. B. Woodworth & Co.,

Calhoun and Berry streets; G. W. McAllister, Broadway and Huestis avenue; Jacob Bill, Holton and East Creighton avenues; George A. Klefer, Spy Run and Riverside avenues; H. C. Hunter, West Main street, and Arvid Polster, Wells street. Deputy Postmaster Craw tells The Sentinel he is of the opinion that the department intends establishing branch postoffices in the out-lying districts later on.

EVENING MEMORIAL SERVICE.
There will be a memorial service at 7:45 Sunday evening at the Trinity M. E. church. Rev. R. D. Spellman will deliver the address. This veteran minister and veteran soldier speaks with all the glow and enthusiasm of youth on such occasions and all old soldiers and patriotic citizens are especially invited to hear him. There will be special music by the choir.

WILL CALL A PASTOR.
Zion's Lutheran church is to hold a meeting on Sunday to extend a call to some new pastor to succeed Rev. Juengel, who presented his resignation some weeks ago, to take effect early in the fall. It is learned that a number of ministers are under consideration, but no selection has yet been made.

MORE PROVOKE.
Justice Huser fined Henry Schroeder and Lenhard Lenz each \$1 and costs this morning for provoke. A charge of assault and battery is pending against Lenz and he will be tried tomorrow afternoon. The men paid the fines in the provoke cases.

A SUIT FOR SLANDER.
In the circuit court this afternoon Hartman & Stokes, representing Madeline M. Austeutz, commenced suit for slander against Mary Canady. The suit is in three paragraphs and alleges slander on three different occasions. Each paragraph demands \$5,000 damages, making a total of \$15,000. Plaintiff alleges that defendant accused her of being an immoral woman and conducting a road house and house of ill-fame.

THROWN FROM WAGON.
This afternoon City Trucking wagon No. 19 ran into a light road wagon, which was occupied by a lady and gentleman. The woman was thrown out and the front wheel of the road wagon struck her and bruised her considerably. The accident occurred at the corner of Harrison and Main streets and the woman was taken into Eckert's meat market and cared for.

England's Oldest Tragedienne!
In the death of Mrs. Keeley, England has just lost one of her most famous theatrical celebrities. Mrs. Keeley died at the ripe old age of 84 years. A generation had passed since her last appearance in public. The queen is among the few who can remember the great tragedienne in her prime. She made her debut in 1825, and fifteen years later became a personal favorite in Buckingham palace.

LOCAL NEWS.
John Nuefer, the well known druggist, is now city salesman for I. O. Stafford.
The Primary Sunday School Teachers' union will not meet Saturday afternoon.
Zion's Walther league will give an ice cream social on the church grounds June 2d.
Mrs. O. W. Nestel, who has been very ill for the past three months, will leave tomorrow for Los Angeles, Cal., where it is hoped she will regain her health.

The Randall hotel is to be handsomely decorated with the national colors and a profusion of colored electric lights in honor of the coming of William Jennings Bryan tomorrow.
The branch of Emanuel's Lutheran church which is soon to be established in the south part of the city will hold its first meeting as a separate congregation at Emanuel's church Sunday afternoon.

6,000 Soldiers Have Died.
According to the unofficial records, upward of 6,000 soldiers have died since the beginning of the war with Spain. By "unofficial" is meant that the mortuary records are not yet made up. Clerks in the adjutant-general's office keep track of all those reported dead from various causes. These come from commanding officers and hospitals. The official vital statistics show 3,000 dead. There are various reasons for this discrepancy. There is a great deal of confusion on account of inexperienced officers, and the reports are naturally slow in running their course through the various department channels.

An American Welcomes.
Already preparations are making for the observation of the total eclipse of the sun, which will be visible in this country a year from next May, the track crossing the southern states from Texas to North Carolina. The visibility of a total solar eclipse at any given place on the earth is so rare a phenomenon that when it occurs in an easily accessible region it is certain to attract multitudes of observers. Prof. F. H. Bigelow has just investigated the weather probabilities for this eclipse, and he announces that the chances for clear weather will be best in the northern parts of Georgia and Alabama, where the land lies high.

Invalids Crowding
The Offices of the British Medical Institute in the Fruit House Block.
A staff of eminent physicians and surgeons from the British Medical Institute have, at the urgent solicitation of a large number of patients under their treatment in this city, established a permanent branch of the Institute in this city in the Fruit House block, rooms 6 and 7. These eminent gentlemen have decided to give their services entirely free for three months (medicine excepted) to all invalids who call upon them for treatment between now and July 1st. These services consist not only of consultation, examination and advice, but also of all minor surgical operations.
The object in pursuing this course is to become rapidly and personally acquainted with the sick and afflicted, and under no conditions will any charge whatever be made for any services rendered for three months, to all who call before July 1st. Therefore, the most humble in circumstances can avail themselves of the services of these eminent physicians.

The doctors treat all forms of disease and deformities, and guarantee a cure in every case they undertake. At the first interview a thorough examination is made and, if incurable, you are frankly and kindly told so, also advised against spending your money for useless treatment.
Male and female weakness, catarrh and catarrhal deafness, also rupture and all diseases of the rectum are positively cured by their new treatment.
Office hours from 9 a. m. to 3 p. m. No Sunday hours.

Money Saved.
You will save money by buying Groceries and Meats of us. Notice our prices:

The Evening Sentinel.

BY E. A. K. HACKETT.

FRIDAY, MAY 26, 1899.

TONIGHT.

Hebrew Temple—Regular services. Volunteers of America—Religious services in the armory, No. 228 Calhoun street.

Trades and Labor Council—Regular meeting.

Lodges—Port camp No. 758, Royal Neighbors; Ladies' temple No. 11, Knights of the Golden Eagle; Court Kekionga No. 1539, Order of Foresters; B. P. O. E.; Concordia No. 41, D. of R.; Royal Templars; Fort Wayne No. 152, I. O. O. F.; Mad Anthony tent No. 93, K. O. T. M. G. A. R.—Regular meeting of Sion S. Bass post No. 40.

Lecture—Miss Downey at Wayne street M. E. church.

Strawberry and Ice Cream Social—Parlors of First Presbyterian church.

Fort Wayne will give a rousing welcome to William Jennings Bryan tomorrow, and the country round will join in to make it something to be remembered.

General Otis has mapped out a wet-weather campaign in the neighborhood of Maulla. The rebels have relied on the rainy season as one of their most terrible allies, and the American commander has concluded to spike that gun if the Washington war officials do not interfere.

The birth of a girl child in Havana to Mrs. Carbone, nee Cossio y Cisneros, which has been announced in a letter to Mrs. John A. Logan, of Washington, will pleasantly recall to the people of the United States the beautiful Cuban girl's reception in this country after her thrilling and romantic rescue from one of Weyler's filthy jails in Havana. She afterwards married one of her rescuers, a wealthy Cuban gentleman, and is

now a happy wife and mother. Few romances as sad as hers have ended so well and prosperously. She is to be congratulated on her good fortune in having escaped so quickly from the notoriety which was hers a year ago, no less than being happily married.

That the desire of a considerable number of Cuban soldiers to keep their guns is largely a matter of principle or sentiment or both seems evident by the fact that by surrendering his piece each Cuban will receive enough money to buy several guns and keep himself in idleness for a year or two. However, there ought to be disarmament of the Cubans. It will be safer.

In the death of Senor Emilio Castelar Spain loses her most brilliant man and the republican element its ablest and most distinguished advocate. Castelar was magnificent as an orator, profound as a scholar and brave and incorruptible as a patriot. He was more a brilliant theorist than a constructive statesman and lacked the practical qualities essential to really great and successful leadership. It was Castelar's writings which fomented the revolution of 1868, and to escape a sentence of death he fled from Spain. When Isabella was dethroned in 1868 he returned to his country and at once took a forward place in public affairs. In 1873, when King Amadeo abdicated the throne and the Spanish republic was erected, Castelar became first minister of foreign affairs and then president with extraordinary powers. In less than a year he resigned in disgust, asserting that while he himself was a republican he recognized the Spanish people were unfit for that form of government. His influence waned as it became clear to his party that he was a supporter of the throne and a republican in little more than theory.

MAGNETIC ATTRACTION.

The theory of a scientist who has studied the geological formation of the coast of Cornwall for many years is that the steamer Paris was deflected from her course and drawn upon the fatal rocks off Truro by the attraction of the magnetic rocks that mark that dangerous shore. If this be demonstrable, then a new terror is added to the risks of navigation in these days of iron and steel ships. Thomas Clark, the authority referred to, says:

"I have made this a particular study. Generally it is believed that there are no rocks on the British Isles whose power over the bar magnet or needle equals that of the compass rock at the apex of the island of Canna, in the Hebrides. This is wrong, for I have obtained stones from Botolph Claydon, near St. Just, in Cornwall, and from a quarry at Launceston whose magnetic power surpasses that of the Canna stone. The rocks along the coast of Cornwall, from Porthallow to the Lizard, are all more or less magnetic. In the case of these miles of basic rock along the Cornish cliff, where thousands of pounds of magnetic material are brought into motion by a storm, there must at times be an enormous increase of magnetic power. Of this power the sea would be no barrier, water being a conductor of magnetism."

There is nothing intrinsically improbable in the Clark theory. It is reasonable enough on its face to set the wheels of governmental investigation in motion, and it certainly will excite active discussion among geologists generally. If proved, the mariners' charts of the world might have to be revised with reference to the magnetic or non-magnetic character of each continental and island coast rim, and that would be something of a task. Or, if that were not feasible at present, then some means might be sought to strongly insulate the hulls of the giant liners and lumberless iron tramp steamers that roam Earth's waters. Edison and leading electricians generally will be looked to with interest for such a solution, if Mr. Clark's ideas are shown to be correct or even probable.

BIG FIRE IN CLEVELAND.

Cleveland, Ohio, May 26.—It was nearly daylight today before the firemen succeeded in fully controlling the fire which started in the Ohio Sash and Door company's big factory at midnight. The flames repeatedly communicated to nearby buildings. Beyond a severe scorching, however, nothing was destroyed except the Ohio Sash and Door company's plant and lumber piles. The total loss is about \$100,000, partly covered by insurance. Ten firemen from the fire tug Farley narrowly escaped being caught under a falling wall. They dropped the hose and ran for their lives. The hose was buried under the burning debris.

AFFAIRS AT THE CITY HALL.**MORE RESOLUTIONS PASSED FOR PAVEMENTS.**

Special Meeting of the City Council.

This Evening—Committee Meeting.

At its regular meeting last evening, the board of public works passed resolutions for the following street improvements: Walton avenue, twenty-eight feet wide; Wayne street from Calhoun to Clinton, forty-two feet wide; Baker street, twenty-eight feet wide; Madison street, thirty feet wide; Fourth street, Calhoun to Sherman, twenty-four feet wide. Resolutions were also passed for the paving of an alley between Wayne and Washington, from Barr to Clinton, and the alley between Jefferson and Washington, from Clay to Barr.

H. A. Gerberding was given permission to relay a sidewalk on Harrison street, from the Nickel Plate to Superior street, and his bond for building sidewalks for one year was approved.

The assessment rolls for grading the alley between Maumee avenue and Oak street, and for grading and constructing sidewalks on DeGroot street were approved. Residents of Boltz street remonstrated against the proposed opening of that thoroughfare. Forty-eight Gay street property owners remonstrated against the proposed paving of that street. The plans for sidewalks on the east side of Lafayette street, from Pontiac to Boltz street, were approved. M. A. Martin was granted permission to lay a sidewalk by private contract in Sanders & Metcalf's addition.

The board set the date for hearings on the pavements for June 9, when property owners will have a chance to express themselves. The invitation to participate in the Decoration day ceremonies was accepted with thanks.

COUNCIL WILL MEET.

City Clerk Manning has today been sending notices to councilmen of a special meeting of the council to be held this evening to take some action on the death of ex-Mayor Muhler. Mayor Scherer will not be able to attend, as he was one of the committee which went to Danville, Ill., to meet William Jennings Bryan and escort the democratic leader to Fort Wayne tomorrow.

TALKED OF GAS.

The sub-committee of councilmen appointed to inquire into the proposed revision of natural gas rates, met in the city clerk's office last evening and listened to a statement by Hon. R. C. Bell. Mr. Bell was one of the original stockholders and is conversant with the affairs of the company for the first few years of its existence. He explained that the company, as originally organized, had hoped to get its money back in five years and during the next five years believed they would make a very comfortable profit. After that they had hoped for cheaper gas. He estimated the average annual income of the company at \$675,000, although during some years improvements had cut this down one-third. He believed if the company offered to put down more wells and give the city a sufficient supply of gas, provided the rates were not changed until next May, the offer should be accepted. On January 1st a revision of rates could then be made.

The committee discussed the matter thoroughly and determined finally to submit questions to Mr. Paul. The Paulson questions were submitted to City Attorney Shambaugh and he will report to the sub-committee at a meeting to be held next Monday or Tuesday evening.

WANT MAJOR WILSON.

It is given out that at the national meeting of the order of Elks, to be held at St. Louis early in July, the Fort Wayne members will present the name of Major G. W. Wilson, of this city, as a candidate for the appointment of district deputy. This office is the highest within the state jurisdiction, and one of much honor. The Fort Wayne members are confident of securing the appointment for Major Wilson.

MONEY SPENT BY CUBA.

New York, May 26.—Inquiries having been made concerning the amount of money received and expended by the junta in connection with the recent troubles in Cuba and war with Spain, T. Estrada Palma, the delegate in this country of the so-called Cuban republic, in an interview said: "The idea that upward of \$6,000,000 was collected for the Cuban cause and turned over to me as the Cuban representative is rubbish. The estimate that \$4,800,000 was subscribed by Cubans in the United States during the last four years is preposterous. I don't suppose it was much more than half a million dollars, and the total amount received by me from all sources was

probably less than \$1,250,000. Of this about \$170,000 was received from Cuban planters on account of taxes, the Cubans in Paris may have subscribed \$150,000, and the private contributions of Americans and Cubans in the United States were probably less than \$50,000. I shall explain all of these matters at the proper time."

REV. RICE WILL RESIGN.

At a meeting of the congregation of the West Jefferson street Church of Christ held last week the pastor, Rev. P. J. Rice, announced his intention of handing in his resignation, which would take effect in the latter part of the year. Mr. Rice did not state his reasons for resigning at the time. Mr. Rice said today that his resignation was on account of private reasons, which he could not explain, and that his relations with the church had always been and were now most pleasant. The announcement was a great surprise to his congregation, who had no idea that Mr. Rice intended to take the step. Mr. Rice has had charge of the local church for the past six years, and during that time has done much toward its advancement. It was due to his untiring efforts that the new church was built, and during his pastorate the membership of the church has doubled.

BOY BADLY HURT.

A 7-year-old son of August Bolman, of 60 Elm street, was severely cut on his arm and wrist yesterday. In company with a number of other boys he was playing near a wagon on West Berry street and had climbed in. The driver of the wagon started off suddenly and the boy tried to climb out, but fell with his arm under the wheels, which passed over it, cutting the wrist to the bone. Dr. Meyers was summoned by a lady who saw the accident and he sewed up the wound, after which the boy was taken to his home.

WILL REPAIR STREETS.

The board of works has received word from O. E. C. Guelich that the contractor will arrive in the city within a few days to make repairs on the streets paved with Alcatraz asphalt last year. Calhoun street is in especially bad condition, big holes having worn in spots in almost every square. Otherwise the pavement is in first-class condition.

BIDS FOR SCHOOL HOUSE.

Bids for the erection of the new Adams township schoolhouse were opened at the office of Meyer & Stock yesterday afternoon. There were nine bidders in all and the successful bidder was F. C. Kohlmeier. The school house will cost in the neighborhood of \$4,000. The bidding was very close, there being but a few dollars difference between the highest and lowest.

WILL CLOSE STORES TUESDAY.

The proprietors of all the dry goods stores of Fort Wayne have entered into an agreement to close their places of business all day Tuesday, May 30, Decoration day, notice of which appears in another column of The Sentinel.

NORTHERN INDIANA NOTES.

W. S. Wright, formerly connected with the Logansport Journal, is now attached to the Havana Herald at Havana, Cuba.

Alfred E. Phillips, of Columbia City, has been appointed to the head of the new civil engineering department in the Armour institute at Chicago.

Amer Baumgardner, aged twenty-five, of Bremen, Ind., was arrested and confessed to having stolen five horses, two of which were found in his possession.

The plant of the South Bend Electric Light company, owned by the estate of the late millionaire, Chapin, has passed to the control of Hugh H. Rosford and other eastern capitalists.

Mathias Daniels, a wealthy Texan, advertised for a wife. Miss Anna Hiltz, of LaPorte, answered. A correspondence resulted and Daniels has just arrived and claimed Miss Hiltz for his wife.

Jesse, the young son of Reese Baggs, a farmer in the vicinity of Klobbly swamp, near Portland, was bitten by a rattlesnake. The lad hastened home and by prompt medical attention his life was saved.

MR. HARRISON IN PARIS.

Paris, May 26.—Former President Benjamin Harrison, who is acting as the legal representative of Venezuela on the boundary commission which meets here on June 15, has arrived in this city. The United States ambassador, Gen. Horace Porter, is arranging for an interview between President Loubet and Mr. Harrison.

TOLEDO, \$1.00.

Next Sunday. Train leaves 7 a. m.

If your dealer does not handle "Turkana" union made, 5c cigar, ask him to get it.

The People's Store.

From our different departments we have selected a few items of RELIABLE MERCHANDISE and have marked these items at a price that is VERY MUCH BELOW their normal VALUE for

MISSIONARY UNION MEETS.

TWO INTERESTING SESSIONS
ARE HELD.

Third Presbyterian Church Well
Filled by Christian
Workers.

There was an excellent attendance at the opening meeting on the fifth annual meeting of the Missionary union yesterday afternoon, the different churches in the union being well represented.

The meeting was opened by a devotional service led by Mrs. McGaw, which was followed by a musical selection by Miss Lavon Sperry. The secretary's and treasurer's reports were then read and were most encouraging and satisfactory. An election of officers which was held resulted as follows: President, Mrs. M. S. Wilson; vice president, Mrs. John Hayden; secretary, Miss Williams; and treasurer, Mrs. Nora Hughes. A missionary conference conducted by Miss Sharp was held, after which the reports of the local societies were read. The session concluded with an enjoyable duet by Miss Lillian Schrader and Mrs. Gesanun.

At 5:30 a supper was served by the ladies of the different churches in the assembly room of the church.

The evening service, which was largely attended, opened with a musical selection by the Third church choir and a scriptural reading and prayer by the Rev. J. A. F. McGaw, after which the ladies of the quartet rendered a musical number. The Rev. Sherman Powell, Rev. L. J. Molschun, Rev. David T. Williams and Rev. Maurice Samson gave three minute talks, which were very interesting; bearing upon the work of the different missions.

The main feature of the evening was the missionary address by Mrs. Mary Ehlers, of Auburn. She gave an interesting and inspiring talk of her experience in missionary work among the southern negroes. Within the last few years a great deal has been done toward establishing missions, schools and hospitals, though in former years the movement was not encouraged by the white people of the south. She said that in these southern states there was an ample field for missionary work among the colored folk.

The meeting closed with a short prayer by the Rev. L. J. Molschun.

FEAR A PESTILENCE.

Dawson, April 15.—(Via San Francisco, May 26)—With the return of spring to Dawson come renewed fears of pestilence and death. Stringent sanitary measures are being adopted. Health Officer Good has posted public notices throughout the town forbidding all persons to gather ice or take water from the Yukon at any point nearer than a mile above the city. The Yukon council is planning a system of drainage on the flats upon which the city is situated and an ordinance has been passed requiring the inhabitants to use the utmost care in cleaning their premises prior to the breaking up of the river. Notwithstanding all these precautions, physicians predict an unusual prevalence of typhoid, owing to the accumulated filth of the winter, which now encumbers the site of the city.

FIRE AT CONEY ISLAND.

New York, May 26.—Fire started early today in Buschman's pavilion, Coney Island, and spread rapidly until seven blocks of frame buildings had been destroyed. A conservative estimate of the loss places it at \$350,000. Policemen Thomas Lynch and Eileen George Taggart and William Aldrich were painfully but not seriously burned while rousing the sleeping occupants of several threatened buildings. Richard Downes and William Durkin, eighteen and fifteen years old respectively, who were asleep in the Seana hotel, were severely burned about the body. The police believe the fire was of incendiary origin. Deputy Battalion Chief Kirkpatrick, of the fire department, says he discovered traces of kerosene along the board walk in front of one of the burned buildings.

PROMINENT NEGRO DEAD.

Atlanta, Ga., May 25.—S. J. Taylor, one of the most prominent negroes in the United States, died here suddenly this morning. He was a leading negro democrat and held important positions under President Cleveland's administration. His family resides in Baltimore.

LETTERS OF SOLDIERS.

What They Write Home From the Philippines.

HOW THEY VIEW THE STRUGGLE.

Interesting Expression of Opinions as to the Philippines and the Government of the Philippines—Tari Letter From a Michigan Man—Views of a Colorado Soldier.

One of the shortest and latest letters that have been received at Grand Rapids, Mich., from the Philippines came on one of the morning deliveries the other day to W. R. Brock of the Wellington, says the Grand Rapids (Mich.) Press. It is from August W. Erickson of Company C, Fourth United States Infantry, and is dated Manila, March 23. Erickson writes:

"I thought I would write and tell you how we are getting along. There is work here all right. A man has to go to sleep with a bullet whistling past his ears. It's a nice sensation, I don't think. We have about 4,000 prisoners here, but we can't capture Aguinaldo, and he is the 'whole cheese' on the other side. The insurgents are a dirty lot, and while I am not worse than any of the others, it is a pleasure to kill them. Brock, you will never know what fun it is until you come over here and shoot about a dozen of these black rascals. Of course there is a little hard work mixed in with it, but you won't mind that one bit. I do not know what to write to you, only that we are slowly driving the insurgents back."

The Evanston (Wyo.) Press publishes two interesting letters from Evanston soldiers in the Philippines, in which some significant passages occur. Sergeant Thomas A. Williams, Company H, Wyoming battalion, says among other things: "I am positive that the entire archipelago and its 7,000,000 inhabitants are not worth one single American soldier's life to your government. Just as sure as we retain possession of and attempt to govern the Philippines so sure will they prove a financial loss. If I was running matters here, I would say to Aguinaldo and his ignorant followers, 'Take your islands and welcome to them.' " Williams has just been promoted to a lieutenant for bravery and soldierly qualities.

Private A. A. Bailey of the Wyoming battery writes in the same issue, among the concluding paragraphs of his letter, as follows: "You can bet your ears and 'everything' you have that this is not a white man's country, and I would not agree to remain here permanently for a \$10,000 starter and will be as ready and willing to return to God's country as anybody on the islands."

A Colorado soldier who is uncompromisingly opposed to this war expresses his views in the following letter to Carl H. Peterson of Dawkins, Colo. It is from Luther B. Wiley of Company C, First Colorado United States volunteers, and is dated Manila, April 9. Wiley writes:

"Your letter of Feb. 23 reached me a few days ago out in the trenches, or camp, nine miles east of the city. We have been having work enough to do for the last two months, though little fighting. Company C has been in but one mix up, and I was not in it. I got to the company just as they were giving up the chase and starting back to camp. We had three men wounded and several more played out with heat, and so I came in very handy to help them back. I have been uncompromisingly opposed to this war on the Philippine. I think it wrong from start to finish—the 'policy,' I mean. It was entirely unnecessary, but now of course it must be fought out. And it looks as though the men that enlisted to fight to liberate people must now fight to enslave them."

"You will see by the papers that there has been some pretty hard scrapping at various places. As it happens, I have not been in a fight with the Philippines yet. The company has been engaged once, though we have shifted our position more than once in order to be in their line of advance, expecting to get in a shot or two. However, they are wary, and after making a feint fell back to safety. And as we were not ready to give them chase our fun was spoiled. Fun! Well, it is anything but fun. The heat is simply oppressive. I have seen a higher temperature in Colorado than I have ever seen here, but it seems to smother here."

"Well, Carl, your jolly jingle of frolic and fun lifted me out of the blues into which I have pretty much settled lately. I had hoped to be at home and at work before this. I feel as though I am losing valuable time. My heart is not in this war as it was in the one I enlisted to fight in, and I go into it simply because I have to. If I were not an American, I think I would be helping the Philippines. You may well be glad that you did not enlist in the war. To be a soldier in such a cause as we are now engaged in is nothing to be proud of. I am disgraced and ashamed to think of it as it is."

"Well, Carl, the mail closes at 10 a. m., and it is now 20 minutes of that time, so I will have to close in order to get this to the office. Write soon."

Correen Remembers Friends.
Arthur C. Humphreys of Norfolk, Va., has received from Admiral Correen and Captain Concas of the Spanish navy likenesses of themselves, sent to him as a token of regard. Each came in a pretty gift frame made in Spain. The picture of Admiral Correen was sent from his home in Madrid and that of Captain Concas came from his home in Barcelona. Dr. Humphreys also has received a handsome Spanish admiral's flag, made by the wife and daughter of Captain Concas and sent to him by that officer.—New York Press

An Optimist.

"I like to see a man make the best of things. There's Frisbie, for instance. That man never complains. You know he moved about a week ago, don't you?"
"Yes. Got a fine house very cheap."

"That's what he did, but as it turned out he would have set up an awful holler if he were constituted as most men are. Of course, you remember how his hearing was almost destroyed because of the premature explosion of a toy cannon last Fourth of July? Well, just after his family had got comfortably settled he found that a newly organized brass band was using a vacant room near his to practice in."

"That's tough."
"Yes, Frisbie's going around smiling and congratulating himself on the fact that he has lost his hearing and is saving \$19 a month on his rent on account of it. I tell you I'm beginning to believe this world is pleasant or otherwise just as a person tries to look at it."—Chicago Daily News.

SIX MASTED SCHOONER.

The New Marine Wonder Will Be Built by a Maine Man.

The building of a six masted schooner is now assured. Captain John G. Crowley of Taunton, Mass., managing owner of the Crowley fleet, will have this vessel built at once. The Crowley fleet now comprises the schooner John B. Prescott, a five masted, the largest schooner in the world; the great 3,000 ton four masted Henry W. Camp and the four masted Sagamore and Mount Hope.

The new six masted will be 300 feet on the keel, 340 feet over all and 426 feet from end of spar to end of end of boom. She will carry 5,500 tons of coal, and with ordinary fortune will pay large dividends.

The cost of this new marine wonder will be about \$100,000. The shares have all been subscribed, having been taken up with a rush.

The six masted will be built by J. M. Bean of Camden, Me., who launched the John B. Prescott last January. She will be completed in June, 1900.—Providence Journal.

Our Big Store.

The constant stream of reports being received from travelers and commercial agents abroad indicates that Uncle Sam is keeping the biggest department store in the world and that all the nations are rapidly becoming customers at his counters.—Pittsburg Times.

Good Reason For Brevity.

Do not write long letters, leave out all unnecessary words, as the prison officials are supposed to open all mail matter.—Prison Missionary, Published by Prisoner No. 2400 in Cell 128, Oregon Penitentiary.

HEARS AFTER MANY YEARS.

Mexican Veteran Restored to His Senses by an Accident.

Probably one of the most remarkable cases of a recovered intellect on record is that of Mathias Steingraber, who is living with his grandparents, Percy W. Holcomb, on a farm in Jackson township, near Fortoria, O.

Mr. Steingraber fought in the Mexican war as a member of a cavalry regiment. In a charge at the battle of Resaca de la Palma his horse stumbled and fell, throwing him on the ground and paralyzing his spine. When taken to the hospital, he was able to tell everything that took place up to the time he was hurt, but after that everything was blank. Since that time his mind has been clouded. He has always insisted that he was only 21 and was going to vote for Taylor for president.

TOO GENEROUS.

Suitor—I came to ask for your daughter, sir.
Henpeck—Certainly you can have her, and I'll throw in her mother for good measure.

THE INNOCENT DEAR.

Judge—Want to get married?
Miss Oldmaid—Yes.
Judge—What's that paper?
Miss Oldmaid (blushingly)—My parents' consent.

Nothing Goes...

Into a Sam, Pete & Max suit which we are ashamed of. There is nothing about our suits in any way ridiculous except the low prices.

Giving the people something they want for less than they expected to pay is what has made Sam, Pete & Max Fort Wayne's largest and best clothing store.

Mr. and Mrs. Peter Henkenius have gone to Rome City to occupy their cottage for the season.

The regular Saturday bread and cake sale by the ladies of Trinity M. E. church will be held tomorrow afternoon at the church.

Mr. and Mrs. F. J. Greer are attending the annual exhibition of the National League of Mineral Painters at the Art Institute, Chicago.

Jack Crooks and Mattie McVicker have signed with Buffalo and will take the places of McQuade and Householder. Jack Chapman may be signed as manager.

Mrs. W. M. Cutler, of East Washington street, entertained at dinner yesterday in honor of her daughter.

Mrs. A. W. Paschall, of Peru. The out of town guests were Mrs. W. Moore, of Rome, and Mrs. A. W. Paschall, of Peru.

Mr. and Mrs. Will Bruckneridge will arrive in the city this evening on their return from Salt Lake City, where they have been spending the past six months for the benefit of Mr. Bruckneridge's health. He is said to be greatly improved.

Miss Edith Albers charmingly entertained at the home on Erie street last evening a number of friends. The evening was pleasantly spent in playing games, after which refreshments were served and a very enjoyable time was reported by all present.

The tea given by the ladies auxiliary to the B. of R. T. at the home of Mrs. J. H. Foster, 10 Lavinia street, was well attended. All went away reporting a pleasant time, with the promise to attend when the tea is given again, as the ladies serve every two weeks.

Mrs. Ormsby's class went to Robinson park yesterday and enjoyed a delightful outing. There are a large number of professional and business gentlemen in Mrs. Ormsby's class and the occasion was one of real recreation for them. Not all the class was able to be present, but there were between forty-five and fifty ladies and gentlemen in the party who sat down to supper in the pavilion and Host McKinnis exerted himself to excellent purpose in entertaining the picnicers. A ride was taken on the steamer and other amusements contributed to the pleasure of the affair. These outings have become an annual occasion with Mrs. Ormsby's class and they are always extremely enjoyable.

STRAWBERRIES, PINEAPPLES, CALIFORNIA CHERRIES AND FRESH VEGETABLES FOR SATURDAY MORNING.

We will receive large shipment nice, fresh Strawberries tomorrow morning, 7c quart.

Dressed Turkeys, Ducks and Chickens for tomorrow's trade at

THE NEW KEYSTONE.

Nos. 238 and 240 Calhoun St.

Nothing Goes...

Into a Sam, Pete & Max suit which we are ashamed of. There is nothing about our suits in any way ridiculous except the low prices.

Giving the people something they want for less than they expected to pay is what has made Sam, Pete & Max Fort Wayne's largest and best clothing store.
